PROGRESS MADE ON HIGHWAY 36 HERE

DAIRY PROGRAM SLATED IN COUNTY

BORDEN COMPANY WILL MAKE SURVEY HERE

Milk production on a large scale will be undertaken in Milam County by the Cameron Chamber of Commerce, it was said early Wednesday by L. G. Smith, manager.

During the last week in September a representative of the Borden company will be here and will have the active co-operation of the chamber and farm leaders. L. Van Perkins is Chairman of the Dairy Committee of the Chamber of Commerce and is directing the program of meetings with farmers.

W. E. Schmidt, Southern representative of the Borden Milk Company, will be in Milam County from September 26 through the 30th, to revive the dairy industry in this area and determine if the Borden Company will establish a milk route for Grade B milk. Mr. Schmidt will discuss plans to establish a route at community meetings, class room discussions of agricultural students and make personal visits to farms where there are dairy cows now in production.

The Chamber of Commerce in Cameron reports that there were in excess of 6,000 cows in Milam County in 1945 that were producing milk. Lack of adequate markets made it impossible to utilize this milk as a supplement to the farmers income. Grade B production will tend to supplement the farmers income and will not involve a great expense as initial investment.

The dairy committee has scheduled meetings to be held in the following communities with local agriculture teachers or others serving as chairmen in their respective communities. The meetings scheduled are as follows:

Monday, September 26, Milano School, J. E. White and J. T. Terry, Chairman and Co-Chairman.

Tuesday, September 27, Buckholts School, Cornelius Titsworth, Chairman.

Wednesday, September 28, Cameron, Dist. Court Room, L. Van Perkins, Chairman.

Thursday, September 29, Jones Prairie Recreation Hall, Robert Glenn, Chairman.

All meetings will begin at 8:30 p. m.

COLD FRONT FADES BUT RELIEF SEEN

Heavy rains were occuring in some portions of the state in the wake of the cool norther that brought unseasonal lows to many areas.

At Albany, Texas, 3 inches of rain fell late Tuesday and early Wednesday. It was raining in Kansas, Arkansas, and in North Texas. Dallas reported .61 at noon Wednesday.

Forecast for the Cameron area for Wednesday night is for a temparature of 60 degrees, cloudy and probable showers to-night and Thursday.

Cameron had not received any rain from the sudden weather change. The low here Wednesday was 66 degrees as the front fizzled and warm weather threatened to engulf central Texas.

Joe Brandenburg Is Home From Summer In LaCrosse, Wis.

Joe Brandenburg has returned to Cameron from a summer vacation spent in LaCrosse, Wisconsin, his old home.

Mr. Brandenburg, father of Mrs. Roy Vaughan, spent a very pleasant summer there and while away read The Daily Midget each day. He took advantage of the mailing service announced early in the summer.

Like all travelers and sojourners who spent a few weeks or months in the cooler climate, he finds the heat in Central Texas rather severe. Mr. Brandenburg is a war veteran, suffered wounds and injuries in the fighting in France in World War I and has to pick his weather to be comfortable.

LIQUOR LAW VIOLATIONS INCREASE

JACK STIDHAM

Jack Stidham Made Manager Sub-District For Lone Star Gas Co.

Jack Stidham of Cameron has been promoted in the service of the Lone Star Gas Company, it has been announced by officials of the company.

Robert Croxdale of Mexia, has been named manager of the Lampasas district and Mr. Stidham will be manager of the Lampasas Sub-District which includes Burnet, Marble Falls and Bertram.

Residing at Burnet, Stidham will work under the supervision of Mr. Croxdale. Until permanent offices are established at Lampasas and Burnet the two men may be reached at Lone Star warehouses in their respective towns.

Jack E. Stidham, the subdistrict manager at Burnet, was born at Jones Prairie in Milam County. He attenedd Texas A&M College, the Southwest Texas Teachers College, the Durham-Draughon Business College and joined Lone Star at Cameron in July of 1940. He held clerical, storekeeper and service department assignments until September 1947, when appointed chief clerk of the Cameron district. During the war he served more than two years with the 100th Construction Battalion of the United States Navy.

Stidham is a member of the Episcopal Church, Masonic Lodge, Veterans of Foreign Wars and the American Legion. At Cameron he served as vice commander then commander of the V. F. W. and secretary of the Milam County Veterans Council. His hobbies are hunting and golf.

Mrs. Stidham is the former Lucille Komar of Abilene. The Stidhams have two children, Jack E. Stidham Jr., age three years, and Patricia L. Stidham, age four months.

Farm Bureau Slates Meeting Thursday Night In Buckholts

Milam County Farm Bureau will meet Thursday night, September 15 in the high school gymnasium in Buckholts, it is announced by S. W. McClaren, Jr., president.

The meeting will get under way at 8 p. m. and a very interesting program has been arranged.

The Bureau has a large membership in the Buckholts community and a big turnout is expected.

Two Local Students Register At Baylor College In Belton

Two students from this area have completed registration as freshmen at Mary Hardin-Baylor college. They are Miss Ruth Tucker and Miss Margaret Lucille Cochran.

A graduate of Buckholts high school, Miss Cochran is the daughter of Mr. and Mrs. F. A. Cochran.

Miss Tucker, daughter of Mr. and Mrs. Lester Turner of Cameron was graduated from Yoe high school.

Both are residents of Ely Pepper dormitory at Mary Hardin-Baylor.

JAILBREAKER CAUGHT AND RETURNED HERE

Carl Jenkins, 33 year old former convict, under indictment in Milam county for forgery and facing similar charges in other counties, and who escaped jail here early Friday morning, September 9, was captured in Temple late Saturday.

Jenkens was taken into custody at the home of his aunt, Mrs. Rosa Dixon about 10 miles from Temple by Sheriff Buck Ray of Bell county and deputies. According to information here, Jenkins was out hunting and returned to the home with a shotgun but surrendered meekly to officers.

Sheriff Ray notified Sheriff Carl Black at Cameron who returned the escapee to the jail here.

It was disclosed also that lunacy charges had been filed against Jenkins in Bell county in 1939. Jenkins has been under indictment here since May and has not been tried.

Earl Morton, charged with burglary and under indictment here, also escaped jail Friday morning, but has not been located. Jenkins told officers he did not know anything of the whereabouts of his companion in the jail break here.

Jim Wells Killer Is Transfered To Jail In Belton Tuesday

BELTON, Sept. 13—Former Deputy Sheriff Sam Smithwick of Jim Wells county, charged with the slaying of radio commentator W. H. (Bill) Mason in Alice July 29, was placed in Bell county jail here Tuesday to await trial in 27th district court.

Sheriff Buck Ray took charge of him after he had been given his lunch in a Belton cafe.

After arriving here, Smithwick asked District Attorney James K. Evetts to recommend bond be set by District Judge Wesley Dice, but bond was refused.

Smithwick was brought here from Alice by Sheriff H. T. Sain and Deputy Sheriff Charlie Brand of Jim Wells county and Texas Ranger Ben Krueger.

Judge Dice has indicated that Smithwick will be tried in January. The case was transferred here on the order of District Judge Paul Martineau at Alice, who said feeling was still too high in that area for a fair trial.

27th District Clerk Roy Mason said Tuesday that records in the case had not been received.

Smithwick pleaded innocent in Alice to a murder indictment returned last week by a Jim Wells county grand jury. He had been held in the Alice jail since Mason was shot to death.

BIRTH ANNOUNCEMENT

Mr. and Mrs. Martin Albrecht, Jr., of Texas City, have announced the arrival of an eleven pound son, Ronnie William, born September 7, 1949.

ONE LIQUOR DEALER IS AMONG NUMBER FINED

Liquor law violations are on the increase in Milam county, mainly drunk driving and penalties have not kept pace with the continued menace on the highways and streets.

Over the week end four cases were filed, one against a Thorndale package store operator for selling whiskey at prohibited hours. In the old days a $50.00 fine was the usual punishment along with suspension of license to drive a car.

As drunk driving increased the courts moved the fines up a notch but have never gotten around to assessing anything like the maximum allowed under the law. The percentage of people caught driving while drunk is low in comparison to those who drive while under the influence of liquor and are not caught.

Usually a man who gets drunk and chases people up telephone poles along the highways, or sweeps the streets and sidewalks of the towns has enough money to pay a $100 fine but it is doubtful if he has enough cash in his pistol pocket to pay 6 months in jail.

Here are the cases disposed of Monday in county court before Judge Dan Tyson:

Otto Seelig, entered a plea of guilty in open court to a charge of selling liquor at prohibited hours. He was fined $100.00. He operates a package store in Thorndale.

Curtis Hill was fined $100 after he had entered a plea of guilty that he had driven his car while drunk. Under the law license to drive is automatically suspended and the court does not have to impose this additional penalty.

Jack Dyer on a plea of guilty that he had driven his car while drunk was fined $150.00. License automatically suspended under the law.

Mylus Tomascik was fined $100.00 when he entered a plea of guilty to driving his car while drunk. The usual automatic suspension of license to drive on road or highway accrues.

When a person is fined by the court or is found guilty by a jury and punishment assessed, costs of court must be paid also. This is in addition to the fine.

Jeff Davis, Crockett Publisher, Visits In Cameron Monday

Jeff Davis, publisher of the Crockett Democrat, was a visitor in Cameron Monday and spent some time with the publisher of The Herald.

Mr. Davis, an experienced newspaper man, is looking for an advertising man to take a responsible place in his organization. It is a good opening for the right man. Mr. Davis himself is an advertising man.

He spent 18 years as assistant editor on the New Orleans Item. In the late war he flew 61 missions in the Reconnaissance Service and also into one of the leading weeklies in Texas.

YOEMEN WILL MEET CALDWELL ON FRIDAY

Football hopes were definitely on the upgrade here Tuesday as the Yoemen got the feel of things and their second wind after justifying predictions of the bolder type fan and beating the socks off the West Trojans last Friday night.

The Yoemen came out of the game with a minimum of hurts, Alton Fuchs, star half back, got his right thumb hurt on the first series of plays Friday night. He didn't do any effective passing and that may have been the reason.

Outside this injury the team came through in fine shape and moved on to new conquests by getting down to the matter of settling an old score with those Hornets from Caldwell. The Hornets have not won a game from Cameron in several years. Caldwell beat Rosebud 19 to 0 Friday night but scouts say it was really an upset, that Rosebud has a better team than the score indicates. The Hornets got all the breaks.

The Caldwell Hornets this year have plenty of weight, but may not be able to cope with the razor edge sharpness of Paul Smith's Yoemen Friday night.

There was little hope that Melroy Eixman, senior letterman and tackle, would play Friday night. He has been laid up with the mumps. Likewise Tommy Michalka who sustained a broken collar bone in the White Oak Game, may not play anymore this season.

As it looked Tuesday and from limited information at hand, the starting lineup Friday night will be substantially the same as in the game against West.

From Caldwell game the Yoemen will go to Brenham for their third game of the season. Brenham has not won from Cameron in four seasons. That game will be on September 23.

The Yoemen open the conference season against Georgetown here on September 30 and after the Brenham game will settle down for three home games against Georgetown, Waco Tech and Taylor. After that it is a long and bitter trail away meeting Killeen, Belton and Rosebud with an intermission on October 28 which is an open date. Actually the Yoemen have only 8 games scheduled this season. They have an open date on November 18.

"Sandy" Little Dog Who Knew No Enemies, Killed By Fast Driver On Highway Labor Day

All day and night Friday cars went humming by our place on the Highway. I could see no difference in their choice of time to travel. Into town and out, presumably bent on Labor Day Vacation, they traveled, all of which is very well and not to their discredit. Lets hope all enjoyed themselves that they may return to their respective work and homes refreshed in spirit, mind, and body.

We should be thankful some vacationists wisely know how to enjoy themselves and appreciate life. They drive safely with due regard to human and animal life. Thousands are like that. Life means something to them. God gives life to all alike. How dare people get carless about Life, driving carelessly, causing the death of man or beast.

Yet at the close of this Vacation time some careless driver got our dog Sandy. It's a shame and a discredit to the driver that his speed slackened none at all, but apparently untroubled he went his way without expressing to the owners a single regret at the loss of their faithful friend. It need not have happened. It could have been avoided. Many

COURT HERE RECEIVES RIGHT OF WAY DATA

Texas Highway Commission at Austin has communicated to the Commissioners Court of Milam County final survey details on the proposed new right of way for Highway 36 from Cameron to the Bell county line.

Judge Dan Tyson was in Austin Tuesday to confer with State Highway Engineer Greer regarding details of the proposed route and early Wednesday received blueprint map of the survey just concluded by the offiee of District Engineer Blair of Bryan.

Judge Tyson and members of the court were well pleased over progress being made on Highway 36. Members of the court are W. W. Markham, Cameron, C. S. Raney, Buckholts, Byron Neal, Rockdale and T. F. Locklin of Thorndale.

It was said that within a short time the court here will have all available information on deeds required. Since the survey calls for much new right of way acreage especially through the city, a great deal of work will be necessary and the county will be required to invest a considerable sum in right of way property.

The new location of right of way runs west from Highway 77 at the intersection on North Travis, across North Crockett and straight ahead on West 7th Street leaving Newton Memorial Hospital to the right. Continuing west from the hospital the new right of way will cross the tracks of the T&NO railroad and create a new street west to the city limits.

After crossing the railroad the new route would intersect the following streets: Scott, Bowie, Karnes and Orchard where it would emerge at the west city limits. After that the survey veers southwest, without undue curves and re-enters the present highway somewhere west the National Guard Armory. The survey then follows the old right of way with minor exceptions to straighten out the road. At Buckholts the survey would run straight west from the SPJST Hall and an entirely new road bed would be made along the Santa Fe tracks through the city, passing between the railroad and the business section. A lumber yard on the Santa Fe property will have to be moved.

Judge Tyson and the members of the court were receiving congratulation for the good work and the splendid progress being made. Thanks were also expressed to Mr. Blair at Bryan for his co-operation.

Cold Front Misses Cameron; Was Only 66 Degrees To-Day

The cold front that swept into Texas missed Cameron to a large extent. The temperature here Wednesday morning was only 66 degrees and the weather would get hot by Thursday or Friday.

Look for around 50 degrees Wednesday night. L. W. Smith of the Community Public Service Company said that the maximum here Tuesday was 95 degrees.

Two-thirds of Texas was cooled Tuesday by the earliest fall weather in more than 50 years.

Temperatures dropped steadily as a stiff norther swept across the Panhandle and the south plains and deep into Central Texas by nightfall.

The cool snap was the tail-end of a frosty spell that swept out of the Canadian rockies and brought snow and sub-freezing temperatures to Montana and Wyoming.

Amarillo and Dalhart shivered in 48-degree weather. Weatherman N. C. Winburn at Amarillo said this was the earliest real cool snap Amarillo has had since 1898, when 37 degrees was registered Sept. 11.

Wichita Falls' minimum of 56 was two degrees above the record low for that date. The thermometer dropped overnight from 100 degrees, the hottest Sept. 12 on record for Wichita Falls.

All of West and North Texas were cooled off during the day. Dallas' maximum morning temperature was 80, but by mid-afternoon it had dropped to 65. Other readings included: Fort Worth 60, Mineral Wells 68,

MARAK PICNIC SEPT. 25

PARISH PLANS BAZAAR AND PICNIC PROGRAM

Annual fall picnic and bazaar at SS. Cyril and Methodius church at Marak, will be held on Sunday, September 25, it is announced by Father Ben Holub.

These annual picnics and bazaar are top entertainment events eagerly awaited by the people of the Marak community as well as Cameron and other communities in the county and nearby counties.

The program according to Father Holub will begin with Mass at 9:30 a. m. and dinner will be served from 11 a. m. to 1 p. m. Supper will be served from 5 to 8 p. m.

There will be plenty of sausage and fried chicken, kolaches, cakes, etc. There will be games also and other attractions which feature these picnics. Music throughout the day and night will be furnished by the Granger Brass Band.

The Marak Community, long famous for its hospitality, extends a cordial invitation to all the people everywhere to come and enjoy this program on Sunday, September 25.

YOEMEN TAKE OPENER HERE FRIDAY NIGHT

The Yoemen served notice Friday night they are not to be counted out before the battle begins for they looked at times like the champions they were in 1949 as they took their opening game of the season from the West Trojans by a score of 19 to 0.

Striking early in the first quarter they scored when Eldon Batte raced 70 yards for a touchdown. In the fourth quarter Alton Fuchs scored twice, once on a long run and then another brilliant sprint to place the ball on the 2 yard line from where he carried it over.

The West Trojans only threatened once. They had the ball on the Cameron 20 yard line in the second quarter but that was all. After that it was a case of line battles with the Cameron backs making up the difference.

Favored teams went down Friday night. Caldwell defeated Rosebud 19 to 0 in an upset while Belton went down before Hearne 7 to 0. In Gatesville the Killeen Kangaroos defeated Gatesville 31 to 0.

Coach Paul Smith was smiling broadly as the team and staff filtered off the field. He had won a good fight and his backfield had justified all the hopes he had indulged for the little horsemen during all the bleak, hot days of August and early September. It was the 11th straight game he had won as a coach.

1st Quarter

The field was bright emerald under the lights as Captains Thedford and Dieterman for West went to the center to meet Captains Gibson and Fuchs for the toss. A late afternoon rain had washed out the chalk lines and the turf was moist but the field was fast. The Yoemen were impressive in their new uniforms of maroon with white numerals. The West Trojans, likewise resplendent in Red and black with white jerseys and red numerals. A cool norther swept the stands already overflowing for one of the biggest opening game crowds in the history of the field. Officials were Frank Taylor, Referee; Vance Woolwine, Umpire and W. A. Sloan, Head Linesman.

Ray, kickoff specialist for the Trojans booted to Fuchs but the West forwards were down fast and the Cameron back got only a five yard return. In two tries by Fuchs the Yoemen lacked a foot of a first down and Logan punted to the Trojan 40. The Cameron line threw its weight and speed around and West wilted short of a first down. A penalty of 5 yards was assessed against them and they had to kick. Eldon Batte who shared with Fuchs in the offensive honors of the night, a tall boy who looks tired when he runs but seems to get over more ground with less effort than any back we have seen in years, took the punt on the Cameron 30 and was never touched. He ran 70 yards for a touchdown, sweeping the Trojan left end behind some fine blocking and went over standing up. Logan laced it through the uprights and it was 7 to 0 for the new Yoemen team. Logan kicked to Black and he returned to his own 40. Moseley's pass was broken up and after a 3 yard gain Charlie Michalka intercepted. Fuchs failed to gain and then lost 10 yards on a delayed pass play. Another pass failed. Logan punted well but the ball bounced back 10 yards. Snokhous made 2 and then Dieterman picked up 9 and a first down. Snokhous picked up 6 but an offside penalty set them back 5. Another penalty was refused by Captain Gibson and Trojan back Moseley punted to Batte who got a short run back. Ball on Cameron 25. Neeley went out and Denson Ermis came in at right guard. Logan promptly skirted his own left end for 15 yards and a first down. Eldon Batte carried for 10 yards around his own right end but Cameron drew 15 yards for clipping.

The ball was on the Cameron 35. Fuchs got a yard and then Coffee intercepted a pass. Snokhous was spilled for 5 yard loss as the quarter ended.

2nd Quarter

The ball was on Cameron 47. Moseley slipped around end for 9 yards and then on next play a first down. It was the first serious Trojan threat. Moseley slipped through tackle and ran to the Cameron 20. Neeley came back in. It was a first down. Neeley broke through and spilled Moseley and on the next play the Trojan back got off a bad pass. Moseley picked up 5 but that was nullified by a penalty. Fuchs intercepted Moseley's pass to stave off the goal drive. It was their last threat. Fuchs picked up 11 and a first down. This was the beginning of a 72 yard march to the Trojan 3 where the half ended. Fuchs got going for 20 yards behind good blocking and on the next play Eldon Batte took a hand off and skirted for 9 yards. It lacked 2 feet of a first down and Charlie Michalka carried it over. Batte racked up some 15 yards and a first down and the ball was on the 30. Another first down as Batte made 7. Jimmy Thompson, scat back came in and ran the ball over for another first down. The ball was on the 20. Fuchs lost his feet and fell. Batte skirted the Trojan left end for 17 yards and the ball was on the 3 yard line when the half ended.

3rd Quarter

The Cameron band has just completed its colorful half time activities, making a big W T on the green and this is appreciated by the West fans. Camerons' line is doing a fine job and this boy Louis Hollas is certainly a rugged lineman. Ralph Michalka who subs in for Melroy Eixman at tackle is one of Coach Young's best bets of the year. Both teams looked ragged at times but the Yoemen are better coached and seem to know what they want to do and where they want to go. Gibson kicked off to Dieterman who ran it back to his 30. Dieterman lost 5 and Moseley on 2 tries picked up 10 but it was still shy and 4th down. Moseley kicked to the Cameron 41 yard line. Fuchs went through tackle for 5 yards. Fuchs handed off to Eldon Batte who went 20 yards and it was another first down. The ball was on the West 30. Fuchs fumbled and West recovered. Moseley got a yard with Hollas spilling the play. Logan broke up a long pass and West had to kick. Batte and Fuchs picked up 5 in two tries. Batte got off a 50 yard punt and Dieterman ran it back to his own 25. A bad pass from center cost the Trojans 5 yards. Dieterman was smothered way back by the whole side of the Cameron right end led by Bobby Stanislaw and Earnest Batte the 200 pound Yoeman tackle. It was fourth down as the scoreless quarter ended.

4th Quarter

The ball is on the West 24 as Moseley punted. Batte ran the punt back to the Trojan 36. Batte is the offensive star of this game on yardage gained and accounts for one of the 3 touchdowns. He is a human string bean and weighs 140 pounds. Fuchs failed to gain from scrimage and then fumbled and West recovered. Moseley passed to Kasburg for 5 yards the first air gain of the night. Gibson broke up the next pass and the Trojans were offsides. Moseley then made 5 yards and the Trojans were penalized again for delay of the game. Fuchs took the Trojan punt on his 20 and was downed. He then picked up 8 and Charlie Michalka on a quarter back sneak made a first down. On the next play Fuchs took the hand off from Michalka and shot through tackle and skirted the Cameron left end behind some beautiful blocking by John Joe Johns and Louis Hollas and went all the way for a touchdown. It was a brilliant 55 yard run. Logan missed the extra point and it was 13 to 0.

Cameron kicked off and Batte went down the field to spill the run back. The ball was on the West 25. A pass was no good and Dieterman racked up 7 yards, Hollas getting the tackle, but it was a first down. A pass Moseley to Kasburg was good for 8 yards. A bad pass from Webb at center cost the Trojans 15 yards. On the next play, Dieterman shot through, fumbled and Fuchs recovered the ball on the West 39. Fuchs on the next play was blocked through the line and was away for 35 yards and the ball was in the shadow of the Trojan goal. It was first down and goal to go. Fuchs then carried over for the third touchdown. Logan was wide with his toe and the score was Cameron 19, West 0. Dieterman ran the ball back to his own 43. Moseley was short for a long lead down the field with a pass and then the Trojans were penalized 5 yards for offsides. Moseley was wild with another pass. Dieterman picked up 6 and two penalities put the Trojans in a bad place. Moseley got off a good punt and it landed on the Cameron 37. Jimmy Thompson, scat back got 3 yards and then Fuchs got 9 for a first down. The ball was on the 45 yard line in the West end of the field. Batte picked up 6 on an end run and Cameron drew 5 yards for offsides. Batte again carried for 3 yards as the game ended. Final score Cameron 19; West 0.

Mr. and Mrs. Burrell McLerran of Freeport spent several days this week visiting relatives in Cameron.

Mr. and Mrs. Paul Laake were in Houston Sunday to visit with their daughter, returning early in the evening. Heavy rains fell as far north as Caldwell, it was reported by Mr. Laake.

Mr. and Mrs. Charlie Lyles of Los Angeles, California have concluded a visit here with her parents, Mr. and Mrs. J. B. Logan.

Mrs. Henry Gandy visited her mother, Mrs. Luce in Houston the first of this week.

Printing is a home industry.

STEEL WORKERS WILL NOT PRESS WAGE ISSUE

Hope for long term peace in the critical steel industry rose sharply to-day as the CIO Steelworkers Union accepted President Truman's plea for an extension of the truce until September 25 and abandoned hopes for a fourth round wage increase.

Early Tuesday a high ranking representative of the Steel-workers Union expressed confidence that industrial strife in the basic heavy industries of the country, has passed and a long period of satisfactory wage scales and production may be expected. This situation is hailed as paving the way for a long period of prosperity.

Phillip Murray, CIO President, who also heads the Steel workers said the union is willing to accept as a basis for negotiations with 53 steel companies, a fact finding board report which recommended pensions and social insurance but no wage increases.

Six major steel companies at noon Tuesday had already accepted President Truman's recommended truce plan and talks were due to get under way this week. Other steel companies were regarded as certain to accept the bid to talk things over.

Industrial peace in steel would largely simplify any approach to keeping open production in much of the nation's manufacturing business. Only the 5 day old Missouri Pacific strike and the General Electric strike marred the industrial picture Tuesday. When steel workers agreed to abandon demands for a wage increase it was immediately evident that both company and union leaders felt peace was at hand.

Jeff Davis, Crockett Publisher, Visits In Cameron Monday

Jeff Davis, publisher of the Crockett Democrat, was a visitor in Cameron Monday and spent some time with the publisher of The Herald.

Mr. Davis, an experienced newspaper man, is looking for an advertising man to take a responsible place in his organization. It is a good opening for the right man. Mr. Davis himself is an advertising man.

He spent 18 years as assistant editor on the New Orleans Item. In the late war he flew 61 missions in the Reconnaissance Service and also was Chief of Staff to General Elliott Roosevelt. After the war he returned to his profession and purchased the Crockett paper which he has built into one of the leading weeklies in Texas.

Mr. and Mrs. Clyde Sheffield and son, Russ of Freeport were week end guests of Mrs. Sheffield's mother, Mrs. Agnes Lowe. Mr. and Mrs. Curtis Lowe and sons of Shreveport, Louisiana were also week end guests of Mrs. Lowe of Cameron.

Sam Smithwick To Be Tried In Belton On Change of Venue

Sam Smithwick, Jim Wells county deputy sheriff, charged with the murder of Radio Commentator Mason, will be tried in District Court at Belton, it was announced at noon.

Judge Martin of the District Court at Alice, sent the case to Bell county, on his own motion, after denying appeals from both defense and state that it be sent to an adjoining county.

The district court at Belton is in continuous session and the case may be taken up at any time.

Smithwick shot and killed Mason in Alice in late July because of criticism by Mason over the deputy sheriff's ownership of a dance hall.

Mr. and Mrs. Walter Strickler Jr., are the proud parents of a son born at St. Joseph Hospital in Houston Sunday, September 11, 1949. The baby has been named, Michael Lynn. Mrs. Strickler will be remembered as the former Louis Heugatter.

Jerry Lanicek has returned to SMU in Dallas after a three weeks vacation in Cameron with relatives.

Lee Blocker and little daughter of Marlin were visitors in the home of Mr. and Mrs. Marvin Pratt Sunday afternoon.

Herald Want Ads Pay Dividends.

Mrs. O. B. Beasley was honored by the women of the Methodist Church here Thursday afternoon of last week at the Methodist parsonage. Mrs. Beasley has been a church worker here for more than three years. Mr. and Mrs. Beasly have moved to Marlin where they will make their home.

FARM BUREAU PLANS EXPANSION IN COUNTY

The Milam County Farm Bureau has more definite plans for its annual membership drive. A county-wide drive will be made October 21-27.

A meeting was held in Cameron, September 1, when the Board of Directors and officers met with the committee membership chairmen from various communities in the county. George Clark, chairman of McLennan Co., reported that Milam County is the first county in the District to make definite plans for this years membership drive. The local Chapter will co-operate with other Farm Bureau Chapters in the drive.

Milam County's goal is 1000 members by the beginning of the new year, 1950.

Edward Senkel of Buckholts is Membership Chairman of the County for 1949, and assisting are: J. D. Moore, County Agent, Alva E. Sanders and Cornelius Titsworth of Buckholts.

Publicity for the chapter is handled by Clyde Cummings and Radio publicity by Mrs. James Elrod, sec'y. of the Chapter.

The following committies were organized at the last meeting: Milano, with J. E. White, Jr., as chairman, Dube Miller, Hugh Wimberly, Ray Woods, Ollie Bankston, Ruben Wise and I. V. Wise as team Captains; Rockdale, partically organized with Mr. Harris, chairman and Claudie Muston, Ernest P. Rice and H. L. Woods as group captains; Burlington Dennis Cline, Chairman and group Captains, Albert Rummell, Hugo Miller, Otto Weid, Richard Luedeke and W. M. Faulkner; Clarkson, Walter Kohring Chairman; Elm Ridge, Henry Schattle chairman and Frank Tomek Group Captain; Salem, Hubert Jistel chairman and group Captains are, Ed Jedlicka, Albert Anderle and H. L. Bayer.

Plans have been made for the kick-off party to be held at a local cafe, October 6 at 8 p. m. Mrs. James Elrod is chairman on the arrangement committee, with the Chapter as host. Mr. McClaren will present membership and workers kits to those present who will make the drive. Reservations should be turned in two days prior to the supper date. Mrs. Elrod should be notified.

Miss Olivia Lehmann of Buckholts, Milam County Farm Bureau Queen will enter the Bi-District queen contest to be held in Waco, September 20, at 10 p. m. The Chapter is presenting Miss Lehmann with evening wear for the occasion.

Mr. and Mrs. Charles Maddox spent Monday in Waco.

Pfc. John L. Gurecky Assigned to Duty At Okinawa Army Base

HQ, 20TH AF, OKINAWA—Air Force Private First Class John L. Gurecky, son of John Gurecky, Route 1, has recently been assigned to the 1962nd Airways Communication Service Squardon, Okinawa, performing duties as a clerk-typist in the Message Center.

The Airways and Air Communication Service is a world-wide organization serving aircraft in flight with weather and navigational aids.

Pfc. Gurecky enlisted in the Air Force on September 16, 1948 and received basic training at Lackland Air Force Base, San Antonio, Texas. He was later assigned to the Air Force Technical School for Clerk-Typists at Fort Warren, Wyoming. Upon completion of clerk-typist school, he was assigned overseas duty, departing from the United States on June 10, 1949.

A graduate of the Yoe High School in 1948, Pfc. Gurecky arrived on Okinawa in June 1949 on his first overseas tour of duty.

Miss Reba Young left Thursday for Houston where she will resume teaching school in one of the Houston schools, after spending the summer here with her mother, Mrs. Dallie Young.

Here's a report on the steps saved in one typical morning by one typical customer's telephone . . . 6 conversations . . . covering 39¾ miles, all in local calls . . . at an average cost of about 2c a call — or a third of a cent per mile!

MRS. R. E. SIVLEY, 2115 RUTLAND ST., HOUSTON, TEXAS

"Cleo, our washwoman—2½ miles"

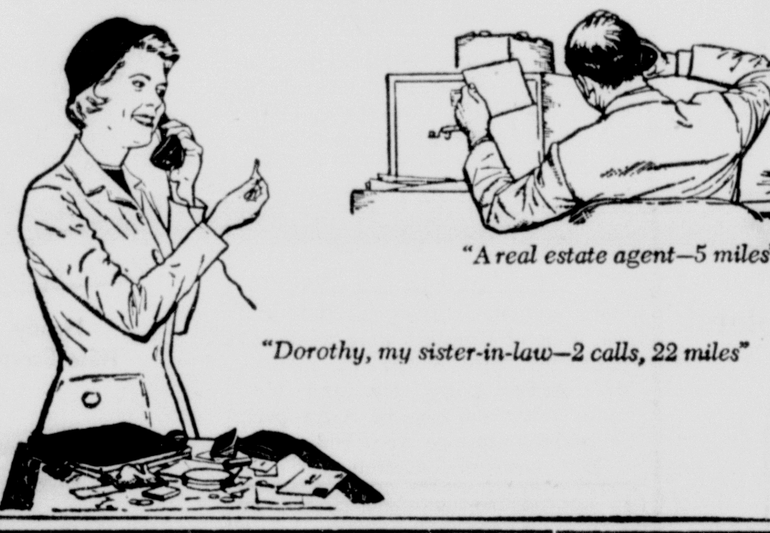
"Thanks so much for the lift"

"Mrs. Charlot, our baby sitter—4 miles"

EVER WONDER HOW MANY STEPS YOUR TELEPHONE SAVES? Like most people, Mrs. Sivley was amazed when she looked at the actual record of the calls she made and received . . . and at the actual cost of those calls.

Every year the telephone becomes more and more important in our daily lives. And every year brings further progress in telephone service. New telephones added so you can reach and be reached by more people. Improvements made so you can hear better, get your calls through quicker, enjoy more trouble-free service. The result—a real bargain *today* that *grows* in value every year. SOUTHWESTERN BELL TELEPHONE CO.

What else gives so much for so little?



"Dorothy, my sister-in-law—2 calls, 22 miles"

"A real estate agent—5 miles"

"My friend, Jen—8 miles"

HUNTERS PUH-LEASE!
THERE I WAS, SITTING ON A TELEPHONE WIRE, MINDING MY OWN BUSINESS, WHEN ALL AT ONCE A BLAST FROM A SHOTGUN KNOCKED ME RIGHT OFF MY PERCH
WELL, SIR, I CAME OUT PRETTY GOOD—ONLY A FEW TAIL FEATHERS MISSING - BUT THE HUNTER THAT MISSED ME CLIPPED A COUPLE OF TELEPHONE WIRES. ONE WAS MY FAVORITE ROOSTING PLACE, TOO.
THAT "ROOST" WAS ALSO CARRYING AN IMPORTANT LONG DISTANCE CALL. THAT'S WHY WE ASK HUNTERS:
PLEASE DON'T SHOOT AT BIRDS ON TELEPHONE WIRES OR POLES.
THANK YOU.

Johnnie Hauk To Huntsville College

Johnnie Hauk, former B team coach here, will leave this week for Huntsville where he will enter school at the Sam Houston State Normal.

Mr. Hauk will work on his Master's degree and will major in Physical Education.

He is the son of Mr. and Mrs. Joe Hauk of Clarkson and is one of three members of the family to play football for Cameron. He was a member of the local faculty and coached B and C team football last year.

Mrs. Joe Luce, Mrs. Effie Miller and Charles Evans attended a family reunion of the Evans family at the Cameron park at Waco Sunday.

Milam County Buys $200,000 New Cars In Three Weeks

People in Milam county are setting something like a record in buying new cars. For instance, in the past three weeks, registrations indicate they have bought substantially $200,000.00 worth of new cars from dealers.

There was no figure at hand to compare with a similar period in the long record of automotive sales, but it was pretty safe to bet that this comes near being an all time money record investment in transportation.

The figures also prove that output is finally catching up with demand, although many are still waiting delivery of a shiny new family bus.

To arrive at the figure used above this newspaper has computed the units at $2000.00 each. There have been 200 new cars and trucks registered in the county in the past three weeks or thereabout.

DEAN WHITE NAMED DEPARTMENT HEAD

Cameron Volunteer Firemen have elected officers for the coming year and will sponsor National Fire Prevention Week October 9 through October 15.

Dean White was elected President of the Department for the coming year. He has been a member of the department for a long time, a war veteran with overseas duty and his election is regarded as a fine selection.

Other officers elected are: Bill Burns, Vice President; John C. Andres, Secretary and Treasurer; Bill Slavik, son of B. A. Slavik, Mascot; Rev. James McKeown, Chaplain and Dr. C. G. Swift, Physician.

Fire Prevention Week in 1948 was generally observed here and resulted in a better understanding of the importance of such an observance.

Schools and civic organizations will be called upon to emphasize the need for preventing fires. Mr. Andres pointed out that in Texas alone in 1948 618 lives were lost in fires and flames took a property toll of $24,200,000.

Miss Nancy Zdenka Kubish has returned from an enjoyable vacation in the home of Mr. and Mrs. Frank Rindorf and sons of Waco. She also visited Mr. and Mrs. Jerry Sexton and son, Roland, Mr. and Mrs. William Parma all of Waco.

Mr. and Mrs. Neil Rylander and children of Austin were guests of Mr. and Mrs. R. B. Rylander Thursday of the past week.

21 Young Men Are Registered By Local Draft Board

Milam County Local Board No. 92 reports twenty-one young men who appeared at the Local board office on N. Central Street during the month of August for registration, upon attaining the age of eighteen years.

These young men are as follows:

Mike Montoya, Jr., Hulen Dean Lovelady, Willie Ray Boecker, James Pinkney Harwell, Otis Maxwell DeBose, Herbert Mayette Yager, Raymond Riley, Melvin Posival, Eula C. Banks, Johnnie Alvarez Tovar, Arno Herbert Ebner, Charles Brooks, Edward Ray Brantley, Otis Ray Rogers, William Kenneth Burgess, Douglas Bruce Phillips, Lloyd David Chambers, Bobby Gene Welch, August Benhard Patschke, R. P. Fussell, Billy Ray Robbins.

To those who are not familiar with the Selective Service Act of 1948, the rules and regulations of that Act are still in effect. All changes of marital status, occupation or residence must be reported to the local board as quickly as possible. Otherwise, requirements of the Act and proper classification cannot be assured.

Mrs. Jack Yewell and son Mickey of Mission are visiting in the home of her parents, Mr. and Mrs. Walter Senkel an dother relatives this week. Mrs. Yewell and baby plan to visit in Austin before returning home.

Mr. and Mrs. J. H. Scarborough and daughter, Mrs. Oscar Patillo, have returned from a holiday visit in the home of Mr. and Mrs. Loyce Phillips of Gladewater.

CARD OF THANKS

We want to take this opportunity to thank all our friends and neighbors for the kindness and sympathy shown us during the illness and at the death of our beloved husband and father, James William Palm. To those who sent flowers, brought food or expressed words of comfort during our great sorrow, we are truly grateful.

Mrs. Bertha Palm and daughter.

Mrs. Howard Baskin was hostess to the members of the Cameron Delphian Club at her home last week, in their initial meeting for the season The Club is looking forward to the celebration of the tenth anniversary of their federations, at their next meeting. Mrs. A. T. Carlton of Houston president of Texas Federation of Women's Clubs, will be present as guest.

From where I sit ... by Joe Marsh

Sure You Haven't A "Blind Spot"?

As I was driving down Main Street last Saturday, another car swung out right in front of me. It turned out to be Buck Blake. He wasn't going fast. It was just that he had something else on his mind at that particular moment.

Buck's really one of the nicest fellows I've ever known. But, sometimes he gets to day-dreaming on the road. He sort of gets a "blind spot" to what's going on about him!

Now, lots of normally considerate folks have their "blind spots."

It could be anything from day-dreaming while driving a car to humming out loud at the movies.

From where I sit, it's mighty important to be on guard against your own "blind spots." The other fellow has a right to his "share of the road," too—whether it's having a taste for a temperate glass of sparkling beer or a desire to listen to some classical music if he wants to.

Joe Marsh

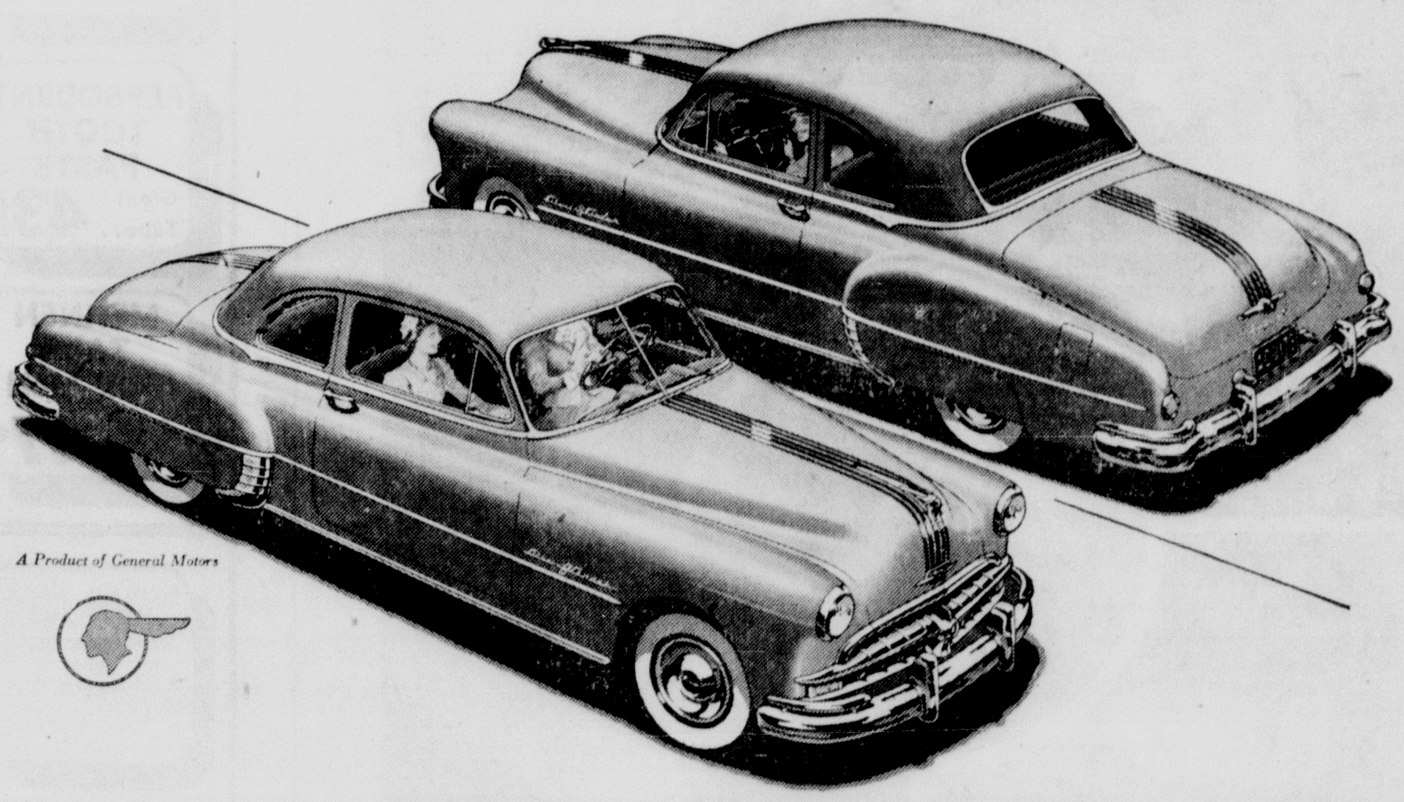
You ought to be driving a '49 PONTIAC



A Product of General Motors

Distinguished by a Beauty All Its Own!

There's an unmistakable stamp of distinction about the new Pontiac. It's a beauty from the front and it's a beauty from the rear!

Wherever you see its "Silver Streak" styling—in city traffic, on the highway, or silhouetted at the curb—you know immediately that it's a Pontiac and *something very special among automobiles.*

And Pontiac's performance is equally unmistakable—thanks to Pontiac's great power plants, the straight eight or the six, and to the amazing driving convenience of GM Hydra-Matic Drive.*

Even though Pontiac is in a class by itself for beauty, for performance and for dependability, it is *still the lowest priced straight eight in America!*

Why not come in soon and get the whole Pontiac story?

SAFE-T-NEW DRIVER VIEW! Pontiac's wide, optically curved windshield, plus wider windows and slimmer pillars all around, gives you a new driving horizon.

**Hydra-Matic Drive optional on all models at extra cost.*

213 S. Houston Phone 822

Of course, it's electric

Cooking electrically means a lot of things. It means less work and worry in the kitchen ... more leisure time or more time for other household duties ... and in the hot summer months, it means cooler, *cooler* cooking. Yes, cooler because the modern electric ranges are insulated to keep the heat inside ... not outside. Then, too, the high-speed cooking units cook directly into the vessel, not around or up the sides, and very little heat escapes. The accurate temperature control cuts on and off to maintain uniform heat ... cooks a great portion of the time with the current off. You get cook book results every time ... your food tastes better and is better for you. And, the electric range is cleaner by far ... doesn't smoke your pots and pans, walls or curtains.

Plan today to enjoy the many benefits of dependable, low-cost electric service ... go electric, all the way!

Enjoy better living — go electric all the way

See the modern electric ranges at Electrical Dealers

TEXAS POWER & LIGHT COMPANY

FARM BUREAU celebrities are shown in the above pictures made recently at Texas A&M College when President Kline of the American Farm Bureau Federation was the principal speaker and a Texan for the day. In the upper picture, at the right President Kline is shown getting acquainted with Texas farm men and women, and getting some background on Texas agriculture. His broad smile, still evident at midnight, belied the fact that he had fun on his first visit to the Lone Star State since becoming AFBF president. He is shown conversing with several outstanding Farm Bureau leaders in Texas. Left to right, they are John I. Bowling, President Hale County Farm Bureau; T. H. Wheat, president Young County Farm Bureau; Mrs. James Elrod, secretary, Milam County Farm Bureau and Clinton Herren, president Haskell County Farm Bureau.

Mr. and Mrs. John Sysak have returned to their home in Washington after spending a three weeks vacation with her parents, Mr. and Mrs. Joe Michalka and other relatives. Mr. Sysak is attending Mariland University and Mrs. Sysak is employed with the Navy Department in Washington.

B. L. Ingram Here on Visit to Old Home; Is Retired Officer

Mr and Mrs. B. L. Ingram of Houston, arrived in Cameron Monday morning from Houston to spend a few days visiting with relatives and friends.

From Cameron they will go to Calvert and to Franklin to visit with his relatives and after they return to Cameron, will leave in a few days for West Texas where they will spend some time on a vacation trip, visiting Brady and other cities.

Mr. Ingram was reared in Cameron and always enjoys his trips back home. Likewise do his friends enjoy his visits here. The Ingram family is one of the oldest to have had a share in the growth and development of the city.

Mr. Ingram is a retired police officer in the city of Houston. His retirement was deeply regretted by the government there but after long years of service he felt he had earned the right to take things more easy. He had done his share and had policed some of the toughest districts in the city, displaying exceptional courage and judgment to merit one of the highest estimates ever placed on an officer in the city of Houston.

Mr. and Mrs. Ingram may sell their property in Houston and if so they may move back to Cameron or some other place in this section to spend the remainder of their lives.

Linda Price, daughter of Mr. and Mrs. Wright Price Jr., is ill and in Newton Memorial Hospital for treatment.

Louis Taube has completed a visit in the home of his sister, Mr. and Mrs. Adolph Winfield. Mr. Taube who resides in Mexico, Senora accompanied his two young daughters to Cameron where they have entered school. Margot, who is 15 years of age is attending Yoe High School and Olka, 14 is in Ada Henderson. The young ladies are looking forward to an interesting year, especially football, since neither have ever seen a game. They are making their home with the Winfields.

Mr. and Mrs. Vince Matula and children of Temple spent Sunday afternoon in Cameron.

LOW OF 45 IN EAST TEXAS IS FORECAST

(From the Daily)

The best news of the day was the weather.

Briefly here is how it was: Amarillo had 40 degrees at noon and it was down to 65 in Dallas at noon. Forecasts were for lower temperatures Tuesday night as the norther struck Dallas at 9 a. m. to-day and was somewhere around Waco and on its way to Cameron.

Oklahoma would have 50 degrees Tuesday night. In Kansas it would be from 40 to 30 degrees. Wyoming will have generally around 48 degree weather Tuesday night.

East Texas to-night may have 45 degrees said the noon forecast and West Texas may have as low as 40 degrees. Dallas and vicinity would have 45 degrees to-night.

It will be partly cloudy and there may be some showers, said the noon forecast.

Dr. Andrew W. Hunt of Nacogdoches and former member of the faculty of the Buckholts High School, has been made chairman of the McMurry College Department of Education at Abilene. Friends here will be glad to know of Dr. Hunt's progress in the field of education.

Mr. and Mrs. Pat Coleman and Charlie Barrett of Corpus Christi visited relatives and friends in Cameron over the week end.

Mr. and Mrs. L. V. Hairston and daughter Patricia Ann of Luling were week end guests of Mr. and Mrs. Bartow Jackson.

Senior Intermediates of the First Baptist Church sponsored by Mrs. Wells Smith enjoyed a party at the J. R. Poole lake Saturday evening. Approximately 30 young people were present and enjoyed an evening of fun, boat riding and ice fighting. A picnic lunch was served.

WEATHER CHANGE DUE IN CAMERON TUESDAY

(From the Daily)

Weather news is not always good news but the report Monday will be received with enthusiasm by the people of the Cameron area and central Texas in general.

Don't get your spirits up too much but by Tuesday there may be a considerable development in the weather and fall may come in with much lower temperatures.

Early Monday morning a blanket of snow lay over a large area of Montana and as far south as southern Wyoming. The cool front which came in from Canada had reached as far south as Kansas and might be in Oklahoma by nightfall.

The Texas weather scene was a crazy quilt as usual. Temperatures around 100 degrees were prevailing in Texas at noon Monday, that is the southern portions. In the upper reaches of the state they were well in the 90's. Forecasts were that Monday would see little change but by Tuesday the front might make itself felt as far south as Dallas and Fort Worth and might reach the Waco area, all depending on how fast it travels.

It is not yet time to expect that summer will pass from the weather scene but there were hopeful signs. Rain was expected in the wake of the cool front. The Houston area and as far north as Calwell had a downpour Sunday. Other sections of the state reported rain in varying amounts.

Here in Milam county there was little change. Sunday was hot and a strong Gulf breeze was pouring moisture clouds into the low pressure areas over the plains states. That would be sure to bring a clash and rain when the cool front moves in.

Tailored to Truck Drivers' Needs

Passenger car owners have nothing on the drivers of the big, new series 700-900 GMCs. Their new cabs are really "King-Sized," providing a host of comfort and convenience features.

A foot and a half added width assures plenty of room for three passengers if desired, and 50 per cent more glass area gives greatly improved vision, front and sides.

Seats are form-fitting with foam rubber pads and individually wrapped springs. Instruments are the quick-vision type located directly in front of the driver, and foot pedals and horizontal hand brake are scientifically located for easiest operation.

Rubber-cushioned cab mountings . . . controlled, all-weather ventilation and complete, scientific insulation add greatly to comfort.

Convenience is materially stepped-up by handy tool box under the optional passenger seat . . . battery and brake actuation mechanisms behind door skirts . . . electrical and instrument control panel on engine side of dash.

Bonnie Jean Burton And Julian J. Conner Married In Houston

Miss Bonnie Jean Burton, daughter of Mr. and Mrs. Mack Burton, 1114 Melbourne, Houston, became the bride of Julian J. Conner of Houston and formerly of Cameron, son of Mr. and Mrs. R. M. Conner of Cameron, September 2, 1949, at eight o'clock in the evening.

The Rev. Travis W. Key read the double ring ceremony, at the Lindale Baptist Church, Houston.

Miss Mary Lou Sorrell, pianist played a prelude of wedding music and accompanied Miss Thelma Slaughter and John Taliaferro, soloists who sang, "Because" "Oh Sweet Mystery of Life" and the "Lord's Prayer".

The bride, given in marriage by her father was gowned in frost white satin, styled on Victorian lines, featuring a draped portrait neckline, sculptured bodice and calla point sleeves. The bouffant skirt extended into a Cathedral length train. A satin and lace Juliet cap enhanced with valley lily clusters held her veil of silk illusion. She carried a bouquet of white roses and garlands of ribbon.

Mrs. M. G. McFarland of Houston was matron of honor and Mrs. C. E. Johnson of Waco and Edwine Chatham, Mrs. Sam Terry and Mrs. C. M. Burton of Houston were bridesmaids. All were gowned in Whispering Aloud taffeta, fashioned with draped necklines, pointed bodice and full bustles. They carried bouquets of roses.

R. M. Conner, Jr., of Brenham served his borther as best man, and ushers were: Sammy Summers, Virgil Lake, Richard Byrd, W. T. Conner and C. M. Burton.

The bride's mother wore a grey crepe dress with lace bodice and scalloped neckline with pastel pink accessories and a pink rose corsage. The groom's mother wore a dinner dress of royal blue crepe with pearls and rhinestones decorating the bodice. Her accessories were dusty rose and she wore a pink rose corsage.

Immediately following the ceremony a reception was held at the home of the bride's parents.

The couple made a wedding trip to Kerrville, San Antonio and Cameron. For travel, the bride chose a Mole-colored suit adorned with buttons. Her accessories were black suede. She wore a white rose corsage.

Mrs. Conner is a graduate of Memorial Hospital school of nursing and holds a BS degree from the University of Houston. Mr. Conner is a veteran of the last war, having served in the U. S. Army for 39 months. He is now attending the University of Houston.

They are at home at 1013 Caplin, Houston.

RECENT BRIDE the former Miss Bonnie Jean Burton of Houston became the bride of Julian J. Conner, formerly of Cameron, in rites performed at Houston on September 2. Mrs. Conner, shown above, has many friends in Cameron where the family of her husband lived for many years. Mr. and Mrs. Conner have just concluded a visit here. They will make their home in Houston.

Ida Louise Stoever And Alphonse Matocha Wed In Schulenburg

Miss Ida Louise Stoever of Schulenburg became the bride of Alphonse Matocha Saturday at 10 a. m. at St. Rose Catholic Church in Schulenburg. Rev. Edward Matocha, brother of the groom officiating. The bride is the daughter of Mr. and Mrs. Paul E. Stoever of Schulenburg and Mr. Matocha is the son of Mr. and Mrs. B. J. Matocha of Cameron.

Given in marriage by her father the bride wore a gown of white organdy over taffeta, designed with an embroidered bertha fitted bodice and ruffled train. Her fingertip veil of illusion fell from seed pearl tiara and she carried a yellow orchid on a white prayer book.

Miss Marjorie Robertson of Hillsboro, the bride's only attendant wore yellow organza over taffeta and carried a bouquet of bronze chrysanthemums. Patsy Sue Stephens of Waco was flower girl.

Edwin Stecher of Cameron was best man, the bride's three brothers N. J., Paul Jr., and Eugene Stoever served as ushers. B. P. Matocha of San Antonio, uncle of Mr. Matocha and Emil Rohan of San Antonio were witnesses.

After the wedding ceremony breakfast was served to 75 guests at the home of the bride's parents.

The three tiered wedding cake was embossed in yellow and gold.

Mr. and Mrs. Matocha left on a wedding trip to Colorado.

Mrs. Matocha is a graduate of the Providence School of Nursing, until her marriage, a member of the nursing staff of Providence Hospital and was a member of Theta Nu Chapter of Beta Sigma Phi.

Mr. Matocha a gradaute of St. Anthony's and Yoe High School of Cameron attended A&M two and half years. He joined and spent three and half years in the air force with service in the Pacific. After the war he took a course in pharmacy at University of New Mexico at Albuquerque.

Mrs. E. O. Schiller Is Hostess to Club

"42" Leisure Club met at the home of Mrs. E. O Schiller, September 8, where games of "42" were played by members and the following guests: mesdames Ted Kuehl, August Kunz, C. F. Swift, and Miss Olga Marek.

Table cuts went to Mrs. Vince Lesikar, Mrs. August Gurecky and Mrs. Henry Dakel. Mrs. Henry McLane captured high score, Mrs. Vince Lesikar, second high and Mrs. Henry Dakel won "84" prize.

The hostess served a refreshment course of ice cream and angel food cake.

Mrs. Julia Lee Hurst Honored At Party

Mrs. Julia Lee Hurst was complimented with a surprise birthday dinner at her home Sunday.

The following relatives and friends were present: Mr. and Mrs. J. J. Martin and Dona, Mrs. Nora Davis and son, Mr. and Mrs. Davis and baby of Houston, Mrs. Emelia Abel, H. B. McClellan, Mr. and Mrs. M. G. Cox and Mildred Thornton.

A lovely decorated birthday cake centered the table.

Many friends of the honoree visited her during the day and she received many cards, gifts and best wishes.

Mrs. B. L. Miller was hostess at her home recently when she honored Mrs.. F. G. Blake with a farewell coffee. Fourteen friends were guests for the occasion and presented the honoree with a Presto Cooker. Mr. and Mrs. Blake recently moved to Hearne where they are making their home.

Mr. and Mrs. J. B. Logan, accompanied by their daughter and son-in-law, Mr. and Mrs. Charlie Lyles of Los Angeles, California spent the past week end with Jack Logan and family in Houston.

Mr. and Mrs. Edwin Reynolds spent Sunday in Mart visiting Mr. Reynolds brother, John H. Reynolds and family.

"Sand" Will James Story On Cameron Screen Thursday

Acclaimed as even better than "Somkey," Twentieth Century-Fox' new outdoor dramatization of Will James' "Sand" is scheduled to open Thursday at the Cameron Theatre. The Technicolor film stars Mark Stevens, Coleen Gray and Rory Calhoun in a story of the West today in the tradition of the West of old.

Set in America's Alps—the Rocky mountains—the film was made on location in Durango, Colorado, under the aegis of the same trio that made "Smoky", "Thunderhead, Son of Flicka" and other top-flight out-door films for the studio. Producer Robert Bassler, Director Louis King and Cameraman Charles Clarke worker with the crew in and around Durango, taking fullest advantage of the area's scenic splendor. "Sand" is the first major Technicolor production ever filmed in the San Juan country, in southwestern Colorado.

Mark Stevens has his first western role in "Sand", following his successful portrayals in such recent hits as "The Snake Pit," "The Street With No Name" and "I Wonder Who's Kissing Her Now."

Co-starring with Mark is Coleen Gray, comely blonde actress who is enacting her third out-door role in a row—the others having been "Fury at Furnace Creek," and "Red River."

The largest herd of trained animals ever to leave the film capital on a location trip accompanied Director King and his staff of Colorado for the making of "Sand." But the animal star of stars is the picture's "Jubilee's" escapades while he's running wild in the mountain country. Featured in the cast are Charley Grapewin, and Bob Patten. Screen play is by Martin Berkeley and Jerome Cady.

ESCAPEES BOTH HAVE CRIMINAL RECORDS

Two ex-convicts with long prison and criminal records escaped from the Milam County jail sometime during Thursday morning, it was reported by Sheriff Carl Black.

Sheriff Black, it was understood, was away Thursday morning on what appeared to be a hot tip and might get on the trail or recapture the men during the day.

Carl Jenkins, 34, one of the escapees, had been in jail here since May under indictment for forgery. He was facing similar charges elsewhere. Jenkins has served terms in Texas prison, it was said by officers here. His home is in Conroe.

Earl S. Morton, 34, was placed in jail here Saturday, September 4 on a burglary charge. He had entered the home of Milton Pierce and made away with $21 which was later returned.

Morton has a long criminal record according to information in the hands of the county attorney. The offenses on which Morton has been convicted cover the field of crime from vagrancy, petty thefts and felonies in Texas, California and Indiana. He is reported to have done a stretch at San Quentin prison in California but the character of the crime was not known.

Two bars in a cell on the east side of the old jail were sawed. The men climbed out the window and down a tree to the ground and made their escape. Sheriff Black said the break occured sometime during the early hours of Thursday.

Howard Beale Goes To Tarleton Team

STEPHENVILLE, Sept. 7—Howard Beale of Cameron is one of over 80 gridmen who started workouts September 1 with Coach Willie Zapalac's Tarleton Plowboys.

Howard is a 5 foot 11 inches, 200 pound fullback. He lettered three years.

Assisting Zapalac is Bob Tulis of Fort Worth. Both coaches were football lettermen at Texas A&M College and both have played professional ball.

The Plowboys open the season against Clifton Junior College here on September 15, and the new Memorial Field at Tarleton College will be dedicated at this game.

CARD OF THANKS

We want to express our thanks to each one who helped us during the illness and death of our husband and father, Julius A. Sustek. For the floral offerings, expressions of sympathy and the many ways you helped us in our hour of sorrow, we shall always be grateful.

Mrs. Frances Sustek
and Children.

Mr. and Mrs. J. W. Hagood and daughters, Mary Lou and Judy of Ft. Worth have concluded a pleasant visit with Mrs. Hagood's brother and family, Mr. and Mrs. Freeman Slocomb in San Antonio, and with her parents, Mr. and Mrs. B. Slocomb in Cameron.

Mrs. S. W. Cheeves and sister, Mrs. W. J. Wood are in a Marlin Hospital Both are reported improving nicely.

HOUSE JOINT RESOLUTION
No. 38

proposing an Amendment to the Constitution of Texas by adding to Article XVI thereof a new Section to be Numbered 63 and authorizing the Legislature to provide for a statewide system of retirement and disability pensions for appointive officers and employees of the several counties of this State, providing that participation therein by counties shall be voluntary, and authorized by the qualified voters of such county, and providing that administration of said system may be committed to the same body set up to administer the statewide municipal retirement system authorized under Section 51f of Article III.

BE IT RESOLVED BY THE LEGISLATURE OF THE STATE OF TEXAS:

Section 1. That Article XVI of the Constitution of the State of Texas be amended by adding thereto a new Section, to be numbered Section 63, which shall read as follows:

"Section 63. The Legislature shall have the authority to provide for a statewide system of retirement and disability pensions for appointive officers and employees of the counties of this State under such a plan and program as the Legislature shall authorize; provided, that participation therein by counties shall be voluntary, and shall first be authorized by vote of the qualified voters of such county. Administration of such system may be committed to the same body as may be set up to administer the municipal retirement system provided for by Section 51f of Article III."

Sec. 2. The foregoing Constitutional Amendment shall be submitted to the qualified electors for members of the Legislature at an election to be held throughout this State on the second Tuesday in November, 1949; and at said election the ballots shall have printed thereon the word "FOR the Constitutional Amendment authorizing a statewide system for retirement and disability pensions for appointive county officials and employees," and "AGAINST the Constitutional Amendment authorizing a statewide system for retirement and disability pensions for appointive county officials and employees." Each voter shall strike out one of said clauses on his ballot, leaving the one unmarked which expresses his vote upon the proposed amendment.

Sec. 3. The Governor of the State of Texas shall issue the necessary proclamation for said election, and shall have the foregoing proposed amendment published as required by the Constitution for proposed amendments thereto.

Sec. 4. If at said election, a majority of the votes cast are "FOR the Constitutional Amendment authorizing a statewide system for retirement and disability pensions for appointive county officials and employees," the foregoing proposed amendment shall become Section 63 of Article XVI of the Constitution of Texas, and proclamation shall be made by the Governor thereof.

Sec. 5. The sum of Five Thousand Dollars ($5,000), or so much thereof as may be necessary, is hereby appropriated out of any funds in the Treasury of the State of Texas not otherwise appropriated, to pay the expenses of such proclamation, notice and election. 12-4tc

HOUSE JOINT RESOLUTION
No. 36

proposing an Amendment to Artcile III of the Constitution of the State of Texas authorizing the Legislature of the State of Texas to provide for the establishment and creation of hospital districts; providing for the Governor's proclamation and submission to the electorate.

BE IT RESOLVED BY THE LEGISLATURE OF THE STATE OF TEXAS:

Section 1. That Article III of the Constitution of the State of Texas be and the same is hereby amended by adding to said Article a new Section to be designated as Section 60, reading as follows:

"Section 60. The Legislature shall have the authority to provide by law for the establishment and creation of hospital districts in the counties of this State under such conditions as the Legislature may fix by law, and to this State support of said districts by a tax on the ad valorem properties situated in said counties; providing, however, that before any such district shall be created it shall be approved by a vote of the people in said district."

Sec. 2. The foregoing Constitutional Amendment shall be submitted to a vote of the qualified electorate of the State at an election to be held on the second Tuesday in November, 1949, at which election all ballots shall have printed thereon (or in counties using voting machines the said machines shall provide for) the following:

"FOR The Amendment to the Constitution of the State of Texas authorizing the Legislature to provide for the establishment and creation of hospital districts"; and

"AGAINST The Amendment to the Constitution of the State of Texas authorizing the Legislature to provide for the establishment and creation of hospital districts."

Each voter shall mark out one of said clauses on the ballot, leaving the one expressing his vote on the proposed Amendment, and if it shall appear from the returns of said election that a majority of the votes cast are in favor of said Amendment, the same shall become a part of the Constitution of the State of Texas.

Sec. 3. The Governor of the State of Texas shall issue the necessary proclamation for said election and have the same published as required by the Constitution and Laws of this State. 12-4tc

Heavy Duty GMCS Feature New King-Sized Cab

An outstanding feature of New "H" model GMCs, recently introduced by GMC Truck & Coach Division, General Motors, is a complete new, bigger and better, stronger and safer cab.

This new king-sized cab, a veritable driver palace on wheels, is available on 700-980 conventional models, as well as all heavy duty cab-over-engine models.

It is several inches longer, providing ample leg room, and is a full foot and a half wider, having plenty of width for three large truckmen.

The driver's seat is the bucket type, form fitting, with individually wrapped springs and snubbed action for controlled comfort. It is adjustable for and aft over a four-inch span.

Passenger seats, optional in either single or double type, are mounted over a large, easily accessible tool box which is standard on all models.

Windshields and windows are wider and higher, offering a full 50 per cent more vision. Rear quarter windows are standard, adding greatly to the ease and safety of trailer operation. Center rear windows are optional when desired for which operation or other off-the-road work.

The wider doors of these new GMC cabs allow drivers to get in and out without shoe-horning themselves. Metal-framed safety glass is standard Large door skirts give access to the battery on one side, and the Hydro-vac cylinder or air brake valve on the other.

All-steel, welded construction makes the new cab several times stronger and safer. Shock-free, rubber-cushioned mountings insulate against frame twists and road shocks. Complete, scientific insulation against heat, cold and noise contribute further to a comfortable ride.

A built-in ventilation system draws in a controlled amount of outside air and forces out used air. A specially designed blower and heater unit, offered as optional equipment, provides heating and defrosting in winter, and steps up air circulation in summer.

Another unique innovation is a hinged panel opening from the engine side of the dash which makes for simplified inspection and servicing of instruments, electrical fuses, regulators and relays.

Quick-vision instruments, horizontally mounted hand brake lever, properly positioned foot pedals, hold-open door checks, roomy package compartment and full-view dome light are other features which make the new heavy duty GMC cab particularly popular with truck drivers.

Doris Gamble spent the week end with her parents at Sharp.

Thorndale Bulldogs Beat Cameron B Team Thursday 25 to 0

THORNDALE, Sept. 8 — The Thorndale Bulldogs opened the 1949 football season here tonight by drubbing the Cameron B team 25-0 in the mud.

It was big Jack Gutzler that led the Bulldog attack most of the way by scoring three of the touchdowns and running over the only extra point counter over the night.

Thorndale started scoring in the first quarter when Cameron fumbled the kickoff on the winners six yard line. Gutzler carried over from there. Again in the opening canto Larry Kiesling, left tackle, blocked a Cameron punt and caught the ball and crossed the double stripe 30 yards away for another score.

Twice in the second half Gutzler carried over on power plays, one from the two and then from the 18 yard line. He made the extra point good on the last counter.

Mr. and Mrs. Louis Dotson have moved to Caldwell where Mr. Dotson is Section Foreman for the Southern Pacific Railway. He formerly held the same position in Cameron.

HEARNE MAN MUST PAY FOR CRIMINAL ASSAULT

Jimmy Smyth of Hearne was convicted for raping a teen age Gause girl by a jury in District Court at Anderson late Thursday and given 5 years in state penitentiary, it was learned here Friday morning.

Deputy Sheriff Will Vaughan, telephoned the sheriff's office in Anderson, county seat of Grimes county, to ascertain the facts and relayed the information to The Daily Midget that the people here might know of the outcome of the case.

Smyth went to trial in Anderson on a change of venue from Burleson county where the crime was commited.

Smyth, receiving compensation from the government for disabilities sustained in the service, was indicted at Caldwell for rape. The crime was commited on the night of March 23 on Highway 36 near Chriesman in Burleson county.

Mr. Vaughan said that papers for commitment of the criminal to the walls at Huntsville were being prepared and this was taken to indicate that no appeal would be taken in the case. Smyth was represented by Law Henderson of Bryan, Attorneys Barron and Davis of Bryan.

The facts as developed before an investigation before a court of inquiry held in the office of Judge Ed Gunn, County attorney shows that on the above named date the young man charged, called at the home of the girl in Gause and escorted the family to a wedding held in that city.

Returning from the wedding about 8 o'clock Smyth asked permission to take the girl to a picture show in Hearne, the mother giving her consent. The couple after reaching highway 79 turned westward toward Milano. She informed her escort that that was not the way to Hearne but he persisted in continuing and informed the girl that they would go to Caldwell to attend a dance at the "Old Corral".

The young woman said they spent about an hour and a half at the place of amusement and left, coming back on highway 36 to where it would join highway 79 just east of Milano, and after driving several miles north toward Milano Smyth turned his car on a side road and parked it within 50 yards of the highway.

According to the young girls testamony he began making improper advances, to which she protested. Continuing his forceful attack on her and in the scuffle she opened the door and fell out of the car, the young man falling out also where he continued his criminal attack by force. After freeing herself the girl fled from the place back to the highway and attempted to flag a car passing and being unsuccessful she fled to a barn located some distance from the road where she concealed herself. After an apparent attempt to locate her, Smyth turned toward Caldwell and disappeared.

After walking some distance up the highway toward Milano the girl flagged a large truck and requested the driver to take her to Gause and from Gause she made her way home.

MARLOW NEWS

A church social was enjoyed at the First Baptist Church Saturday night.

Mr. and Mrs. John Wesley Baker and Nancy, Mrs. Kittie Mode and Mary visited Mr. and Mrs. William Lois Mode at Stephenville Sunday.

Holiday guests in the Theo Burnett home were Mr. and Mrs. Woody Finley and Mr. and Mrs. Griffin Burnett of Beaumont.

Mrs. Millie Lamkin is visiting her daughter Mrs. Thomas Mannas in Waco this week.

Henrietta Mode of Dallas spent the holiday visiting Mrs. Kittie Mode.

Sherwood McLerran III left Sunday to enroll in A&M College.

Miss Clydell Walston has returned to Texas City after spending her vacation with parents, Mr. and Mrs. E. H. Walston and other relatives.

Mr. and Mrs. Robert Doss and baby of Lake Jackson spent the holiday with her parents, Mr. and Mrs. Jim Short.

Mr. and Mrs. Jack Hobson of Caldwell visited relatives Sunday.

Mr. and Mrs. Carl Thorn of Ft. Worth were guests of Mrs. S. W. McLerran, Sr., Sunday.

Mr. and Mrs. Arland Henry of Austin visited Mr. and Mrs. S. J. Henry over the week end.

Mrs. Bud Walston and baby are visiting Mr. and Mrs. E. H. Walston.

Mrs. George Leath and children spent Sunday with Mr. and Mrs. Jim Short. Mrs. Annie Short and daughter Bernice returned with her for a visit.

Mrs. L. J. Hertenberger and little daughter, Jane of Texas City visited friends and relatives in Cameron the past week end.

David Hudson Is Band Mascot Here

David Hudson, 5, has been elected mascot of the Yoe High School Band for the 1949-50 term.

The mascot is selected each year from nominations made by members of the band. The names are posted and a vote is taken. Director Francis Cox said Tuesday that David had been elected and there was spirited competition for this place of honor. In all eight children were nominated.

David is the son of Mr. and Mrs. C. W. Hudson.

New Hampshire Red Pullets Chatter Over Checkerboard Feeds

Five New Hampshire Red pullets chatter away every day over their good fortune. They are eating Checkerboard feeds—Startena and Growena at the feed store of the Ideal Hatchery.

These pullets have been named Molly, Lucy, Diana, Queenie and Dottie for employes at the store. They were hatched on March 18 and have never been out of the hatchery. At five months they show plainly what Startena and Growena will do.

Their egg production record will be carefully checked and kept. Results are obtained at Ideal Hatchery with actual on the spot feeding.

Mrs. Florence Bass of Houston spent the holiday with her mother, Mrs. Emma Butts of Cameron.

EMPLOYMENT UP IN AUGUST SAYS REPORT

More Americans were at work in August than at any other time this year—59,947,000 of them.

The number of jobless dropped 406,000.

Secretary of Commerce Sawyer surveyed the figures and said:

"The end of the recession may be at hand."

Dr. Edwin G. Nourse, chairman of the President's council of economic advisers, was more restrained in his outlook.

He said that business had picked up in August, that such a seasonal upturn was normal, and that he doubts whether the "process of disinflation has been completed."

Nourse talked to reporters about an hour before the census bureau issued the job figures which Sawyer found so cheering. Nourse didn't say whether he had seen the census bureau report.

Nourse said the important thing now is whether business continues normal, goes above normal, or falls below that level.

Sawyer was particularly pleased because non-farm employment rose by 1,368,000, and because the drop in joblessness was more than seasonal. Together, he said, these confirm "other accumulating evidence of a leveling-off of the recent downward adjustment in our economy."

"We are in a fundamentally sound condition for continuing our economic advance," he said.

The census bureau's figures showed August unemployment at 3,689,000 compared with 4,095,000 in July. The July figure was the highest jobless total since 1942.

Even with the improvement, however, the number of unemployed in August was nearly twice as many as the 1,941,000 who were looking for work a year before.

President Truman told his news conference he is closely observing the developments on the economic front. He said the figures speak for themselves, with production and employment both up.

The 1,368,000 rise in non-farm employment noted by the census bureau was nearly offset by the usual midsummer drop in agricultural employment. The net increase in the number of civilian employed was only 227,000. Non-farm employment still was about 1,250,000 below the record high attained in August, 1948.

The bureau said a decrease in the size of the labor force—those working or seeking work—explained the apparent discrepancy between the 227,000 rise in employment and the 406,000 drop in the number of jobless.

In Temple R. C. Moody, interviewer at the Texas Employment commission office, said the local employment picture showed improvement in August over the last four months.

He said that local job-placements in non-agricultural employment increased 152 during August over July's placements. The trend toward increased placements has continued at about the same rate so far in September. Mr. Moody said.

PICKER SHORTAGE IS ACUTE IN COUNTY

Picker shortage was cutting down receipts of cotton at the Compress warves here but the receipts have been good. Last week the compress received 1900 bales of new cotton and the grand total Monday morning was 5700 bales.

Early reports on the crop were not mythical and the turn out has been above early estimates. Right now the big need is pickers. In some fields no cotton has yet been harvested. Much or all of the cotton is open. Continued dry weather has made the fields very white.

Rain during the past week had something to do with the falling off of receipts but on the whole the trouble is shortage of pickers.

There is such a wide demand for cotton harvest hands that it appeared that local leaders might have to send representatives out to procure pickers. Leaving the local supply up to chance arrival of pickers, was not getting the job done. The United States Employment Service under Nat Wofford was doing everything possible but so far results have not been up to demands.

Procurement follows definite lines and it has been possible in the past to meet demand but at this time the crop is so much greater than in previous years, a serious situation has developed in central Texas counties.

Yoe High School Annual for 1949 Distributed Here

The 1949 annual for Yoe High School has been received here and distributed to students.

One of the copies was presented to The Herald by Sanford M. Layfield, principal of the high school.

The annual is the most elaborate ever published by the school and the most interesting from the standpoint of pictorial coverage of school activities. The book was published by the Steck Company in Austin and is an offset press production, a step forward in modern printing.

These volumes are valuable and filed are historically important in preserving the life and times through which we are passing as residents here.

Cold Front Moves In The Panhandle

A breath of the winter that moved on the Great Plain states touched Texas in the Panhandle Monday night.

A cold front moving in dropped the temperatures at Amarillo from 90 degrees at 6:30 p. m. to 72 at 8:30. The cold front promised to send readings down to the 50s in the Panhandle by early Tuesday, the weather bureau said. By Tuesday night the cool air may spread over top portions of East Texas.

All Texas was hot Monday. Laredo's 101 degrees led the parade of maximums reported to the Dallas weather. Wichita Falls and Presido had 100; Fort Worth and Mineral Wells 99; Dallas, Childress, and Wink 98; Waco, Midland, and Del Rio 97; Houston 96; Tyler, Clarendon Victoria, Austin, and San Antonio 95; Galveston and Beaumont 89, and Marfa 84.

The season's coldest weather overspread Montana, Wyoming, and the Dakotas, sending the temperature as low as 20 degrees at Cut Bank, Mont. A storm threat developed along the eastern seaboard.

Prison Rodeo Will Open October 2 With Goveronr, Solons and The Press, As Guests

HUNTSVILLE, Sept. 9—Opening day at the greater Texas Prison Rodeo will be known as "Governor's Day", French M. Robertson, Abilene prison board member and chairman of the board's rodeo committee, announced today.

He said that Governor Allan Shivers has accepted the prison board's invitation and will appear as guest of honor at the opening of the Prison Roedo on Sunday, October 2, in Prison Stadium, Huntsville. It will also be a day in honor of the members of the Texas Legislature. Each member has been issued a personal invitation by prison General Manager O. B. Ellis.

In a further display of honor to Governor Shivers, Mr. A. C. Turner, prison rehabilitation director and rodeo publicity chief, has asked all Texas newspaper and radio men to be his guest on "Governor's Day". He expects about 2,000 newshawks and their wives to be present, and has arranged a special "press section" for the visitors.

Mr. Robertson promised many special features for the "Governor's Day" ceremonies and Rodeo Manager Albert Moore insists that he'll have the fastest, wildest show ever staged during his 16 years of Prison Rodeo experience.

Activities begin promptly at 2 p. m. on opening day and each Sunday thereafter during October. A Wednesday performance is also scheduled for October 19. Reserved seats are now on sale at the ticket office in Huntsville. Prices are the same as last year: two dollars for reserved seats and one dollar for standing room. "Early ticket sales are brisk," says L. J. Craig, chief cashier at the prison rodeo ticket office.

Mrs. Oscar Pattilo, Mrs. D. K. Hall and Mrs. Dick Depew and children shopped in Temple Thursday.

Thorndale 4-H Club Boys Show Hogs; To Be In Waco Saturday

Billie Lincoln showed the first place Registered Duroc gilt at Thorndale last Saturday and Robbie Hilton showed the second place gilt in the Sears hog show. Jesse Perry's gilt was third, Kent Butler, fourth, Don Guthrie, fifth, John Towery, sixth and Orbl Gene Hollowell seventh.

The County Duroc Boar was shown by Jimmie Survant. The first place gilt and the boar will be shown in the district show to be held in Waco Saturday, September 17, at 11:00 o'clock.

Prizes for the County show are: $10.00, $8.00, $6.00, $4.00, and $2.00.

The prizes for the district show will be: $40.00, $30.00, $25.00, $15.00.

All prizes are to be in the form of permanent materials that will further the swine production demonstration. The following are examples: hog wire fence post, lumber for hog house, cement, sand or gravel, seed for hog pasture, pig brooder, etc.

These boys will breed these gilts to the registered male and return a choice pig next spring. The pig returned will again be placed with another boy in the County, according to J. D. Moore, County Agent.

Family Loses All In Fire Late Friday

A four room house on South Burleson street was destroyed along with all contents late Friday by a fire, the origin of which was said to be an oil stove explosion.

E. Sims and family occupied the home which was the property of the Henderson Estate. Mr. Sims is employed with the construction company on the new bridge over Elm Creek.

The family had recently purchased new furniture. The loss was said complete.

Mr. and Mrs. Jesse Strickler of Houston were week end guests of Mr. and Mrs. Archie Prokisch of Cameron.

Humble to Broadcast Southwest Conference Football Games Again

Humble Oil & Refining Company today announced that it will broadcast Southwest Conference football games again this year. 1949 will be Humble's sixteenth consecutive season for broadcasting. First games to be broadcast will be those to be played on Saturday, September 17.

Broadcasting crews this year will feature the familiar voices of regular sportscasters Kern Tips, Ves Box, Charlie Jordan, Bill Michaels, Jerry Doggett, Fred Kincaid, Alec Chesser, Eddie Barker, and Bill Newkirk, plus several additions to the announcers' corps.

The Texas University-Texas Tech game in Austin will go on the air at 1:50 p. m. over stations KTRH, Houston; KRLD, Dallas; KABC, San Antonio; KTBC, Austin; KFYO, Lubbock and KRGV, Weslaco. Kern Tips and Alec Chesser will be announcers.

Also at 1:50 p. m. the TCU-Kansas game in Lawrence, Kansas, will be broadcast over stations WBAP-820, Fort Worth; KPRC, Houston; and WOAI, San Antonio. Charlie Jordan will be play-by-play announcer, assisted by Jerry Doggett.

The evening broadcast will start at 8:00 p. m. and feature the Texas A&M-Villanova game at College Station, with Ves Box and Fred Kincaid announcing. Broadcast may be heard over stations KFJZ, Fort Worth; WRR, Dallas; KRBC, Abilene; KGKL, San Angelo; KBST, Big Spring; KBWD, Brownwood; KCRS, Midland; KRRV, Sherman; KGVL, Greenville; KPLT, Paris; KCMC, Texarkana; KFRO, Longview; KMHT, Marshall; WACO, Waco; KNOW Austin; KMAC, San Antonio; KRIO, McAllen; KTHT, Houston; KFDM, Beaumont; and KORA, Bryan.

Mrs. Ella Wohleb and children of Texas City recently visited relatives and friends in Cameron.

FORMER MINISTER AT CHURCH HERE DROWNED

Rev. Bob Reid, former Rector at All Saints Episcopal Church in Cameron, lost his life Monday in an Alaskan river, it was disclosed here Saturday morning by Stanley Swift, member of the church.

Rev. Reid was at All Saints church here in the summer of 1947. He was especially devoted to work among young people. While in Cameron he lived in the home of Mrs. R. D. Brown Here is a story on the tragic accident republished from the Saturday issue of the Houston Chronicle:

"The lifelong dreams of a young Episcopal minister to dedicate his life to the mission fields of his church Friday lay buried in the swift, deadly currents of the Tonana River in Alaska.

"For the Rev. Robert Reid, a native Houstonian, who was ordained in the ministry only last year in Christ Episcopal Church, Texas and Fannin, drowned while on a fishing trip with some of the boys from the tiny school he headed.

"Only sketchy details of the tragic accident which took the lives of all but one of the illfated expedition were received by his family in Houston Thursday night.

"But according to Mrs. Ralph Greenwell, Rev. Mr. Reid's mother-in-law, the boat tipped over in the swift currents of the river, and the party, who were wearing heavy clothing, were sucked under to the quicksand on the river bottom.

"Only one boy in some way managed to escape," Mrs. Greenwell reported. The bodies have not been recovered. Rev. Mr. Reid, who was an orphan, always had a burning desire to become a missionary, Mrs. Greenwell said.

"He received this offer to head St. Mark's Mission at Nenna in Alaska, just two months before he was ordained, and a month after that he was there," Mrs. Greenwell stated.

"He was ordained in July, 1948, and started work in the field in August, 1948.

"Bad luck seemed to dog the 31 year old minister in Alaska, for in December, 1948, the mission school, which has 35 pupils, was completely destroyed by fire.

"And he didn't live to see the fruit of his struggle to build it back again, for the school was due to reopen in a few weeks.

"Rev. Mr. Reid attended the University of Texas, the University of the South, Sewanee, Tenn., and Virginia Theological Seminary Richmond, Va.

"He is survived by a sister, Mrs. Billie Byrd of Houston, two brothers, Lawrence Reid of Houston and Raymond Reid of Fort Worth, in addition to his wife, Mrs. Suzanne Reid, who was with him in Alaska."

Dinks Store Moves Into New Quarters

Dink's Second Hand Store has moved from Santa Fe town to the Monroe building next to the water company.

The new location is announced in The Midget today. The store will be formally opened for business September 10.

Mr. and Mrs. Dinks have built up their business by buying and selling used furniture and they have also handled a number of antiques. Their new location gives them a much better place for displays.

Miss Beatrice Tindall spent several Mrs. Wade McCoy visited in the home of Mr. and Mrs. Dock Taylor in Rockdale over the week end.

Mr. and Mrs. Joe Petruy spent Sunday in Temple visiting their daughter, Mr. and Mrs. Mitchell Chancey.

Mrs. Mary Bailey, Mrs. G. G. Terry and Mrs. A. H. Halberdier visited in the Allen Connels home over the week end.

CENTRAL TEXAS BAKES IN MID-SUMMER HEAT

Don't look now, but, there is a mite of a cold spell hovering over the Texas Panhandle and the northern reaches of the state.

Denison had two inches of rain last night and showers were falling over Oklahoma in the wake of the cool air mass that started moving in slowly late Wednesday.

Showers were falling in the Panhandle and in some parts of the south plains and showers were predicted for some parts of east Texas also. South Texas was getting rain too. It was raining late Wednesday in the Corpus Christi area.

Meanwhile central Texas was baking in 100 degree temperatures. Cameron was very hot and although there was some air movement out of the Gulf area the nights have not been the usually pleasant September kind.

Whatever change the weather will bring, it was pretty certain that nothing would be felt here for at least 48 hours or more, all depending on whether the cool front picked up speed.

Farmers were hopeful that the weather would remain dry for harvesting the best cotton crop in years.

Mrs. W. R. Newton, Sr. returned to her home last week end after spending several weeks in Austin in the home of her daughter and family, Mr. and Mrs. Stanley Schieffer. She was accompanied home by Mr. and Mrs. Schieffer and their little daughter, Nancy Jo.. They were joined at the Newton home by Mr. and Mrs. Bill Harvey and children, Michael and Mary Elizabeth for the week end.

Printing is a home industry.

Mike The Pig To Be Sponsored Here By The Lions Club

The Lions Club is going to sponsor Mike.

Who is Mike? Mike is just a plain pig. The big question is, will Mike make a hog of himself.

On Tuesday, September 6 Leo Fuchs of the Ideal Hatchery and Roland Kaderli of Rockdale, salesman for Purina Mills, met with directors of the Lions Club and gave a hog to the club.

Mike will be raised in a pen, along with his litter mate Ike, in the hatchery here, in a 'split-pig' demonstration. Mike will be on Purina Hog Chow supplement and grain and will get all he can eat. Ike will be fed on shorts and corn, but Ike will also have all he can eat.

Mike belongs to the Lions Club. They will be taking donations for their annual Christmas Cheer party. With each donation will go an opportunity to share in the free award of the pig. Money thus taken in will be used for the benefit of underprivileged children in and around Cameron.

days in Cameron visiting her parents, Mr. and Mrs. John Tindall and other relatives this week. Miss Tindall and Alfred Dent of Harlingen will be married Saturday, September 10 in Harlingen where they will make their home.

Dorothy Faye Kirk of Gause and Avys White of Milano were among the 268 graduates awarded degrees at commencement exercises at Southwest Texas State Teachers College on Thursday night, August 25. They received Bachelor's degrees.

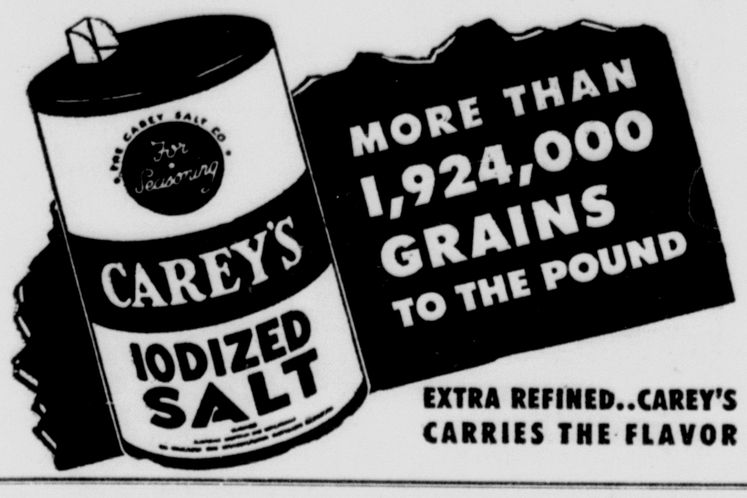
3 Year Old Negro Fatally Injured In Cotton Field Accident

Run over by a truck driven by Niley Smith of Cameron, a three year old negro girl, was fatally injured early this week on the Smith plantation near Branchville.

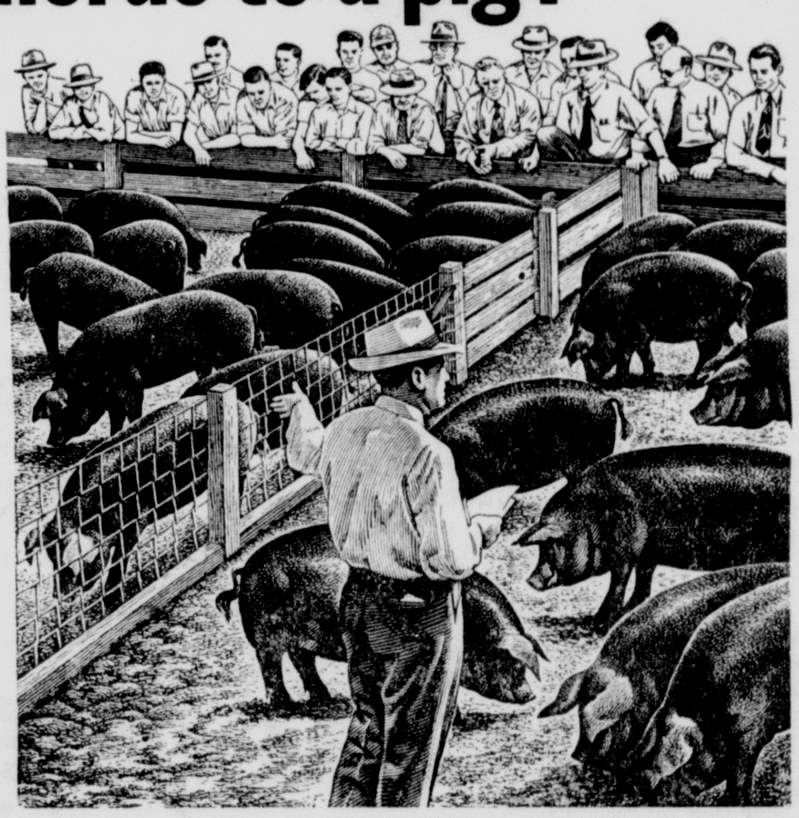
Mr. Smith did not know he had accidentally driven the truck over the sleeping child in the cotton field, until he was told about the accident later in Branchville.

The child died in a Cameron hospital shortly after being hurried here by the parents Eulice and Viola Malone, tenants on the farm.

Mr. and Mrs. A. M. Boysen and son, Albert and Mrs. Annie Ledge of Houston visited in the A. H. Halberdier home Monday and Tuesday. Guy Colvin of Austin also visited A. H. Halberdier Saturday.



What's phosphorus to a pig?



Just a half a pound of your 250-lb. pig is phosphorus. This seems a small amount. But without it, your pig would die. And there are other minerals just as vital to livestock. Some they need in quite large amounts . . . calcium and sodium as well as phosphorus. Others we call *trace elements*. These they need in very small amounts . . . such as cobalt, iron, copper and manganese.

But your animals *do need* these trace elements. The people at the agricultural colleges have proved *that* past all doubt. Some minerals are a "must" if you want to raise healthy, fast-gaining cattle. That goes for lambs and hogs, too. For example, these men find that grass and grains in Dade County, Florida, are short of copper and iron. Clallam County, Washington, needs iodine to check goiter. They know that San Diego County, California, hasn't enough phosphorus. In Aroostook County, Maine, the scarce mineral is cobalt. Ranchers and farmers in these four corners of the country have this problem. *Their feeds and forages are short of one or more vital minerals.* Many other areas share the problem, including parts of the great Corn Belt.

But you ask, "How can I spot animals which suffer from mineral shortage?" It's not too easy. If the lack is serious, your stock may have rickets, "big neck," anemia or other ailments. But there are some early symptoms you can spot. These are bone chewing, loss of appetite, slow gains, rough and scrubby coats. Or just a general unthrifty condition gives you the clue. If you start feeding a mineral which contains the essential trace elements, you may bring them around fast. But if this doesn't work, then you should consult your veterinarian, county agent or agricultural college.

The common mineral deficiencies in your area are known. By feeding mineral-balanced rations, you can correct these lacks. Or you can build up the mineral content of the soil. Either, or both, of these will help you grow healthier livestock, at a lower cost.

William H. Burkitt

Supplemental Mineral for Wintering Range Ewes

by William H. Burkitt
Montana State College

Thirteen mineral elements are known to be necessary for normal functioning of an animal body. However, this does not mean that all 13 must be supplied in a mineral mixture. Many of them are present, under usual feeding conditions, in sufficient amounts for breeding ewes. Those lacking in Montana include sodium and chlorine (salt), iodine, phosphorus, and possibly cobalt.

Lack of sufficient iodine in the ration of pregnant ewes results in lambs being born with "big neck" (goiter). Thin wool in lambs may also result. If dead or weak lambs have shown "big neck" or thin wool at birth in past years, stabilized iodized salt should definitely be fed the ewes this winter.

Phosphorus deficiency may exist in wintering range ewes, particularly if there is little or no supplemental feeding. Abortions and weak lambs may result from deficient phosphorus. Pregnant ewes should have from 0.16% to 0.18% phosphorus in their feed. Many grass hays and mature range grasses contain less than 0.15% phosphorus and some contain as low as 0.04% phosphorus. Bone meal, defluorinated rock phosphates, and monosodium phosphate are satisfactory sources of phosphorus. Palatability and consumption may be improved by mixing with salt.

Cobalt is believed to be needed by microorganisms in the paunch. A lack results in loss of appetite, less feed consumption, and eventually starvation. A possible cobalt deficiency may be guarded against by mixing 1 ounce of cobalt salt with each 100 pounds of stock salt. Cobalt carbonate, chloride, or sulfate are all satisfactory. (*Editor's note: The principles of nutrition discussed above apply to most kinds of livestock and in all parts of the country.*)

Hello Again!

We are glad to be back with the Swift page of information and ideas. What did we do all summer? Well, among other things, we visited with farmers, ranchers, agricultural editors and educators. And we rounded up the facts we need to make these messages interesting and useful to you producers. As we said away back in 1944—"This is your page, and we welcome suggestions from our readers." We still do. Just write to me at Swift & Company, Chicago 9, Illinois . . . And when you're in Chicago, drop in and see us.

LET'S SUPPORT OUR "MEAT TEAM"—You know, times change—but some folks don't change with the times. I'm thinking of the type of man who always thinks that someone is getting the best of him in business. He sells a load of steers. No matter what his return, he's not satisfied—the packer, the commission man, the retailer—somebody else always gets a "bigger slice." But, during this past summer, I talked to a lot of people about the livestock-meat industry and our mutual problems. And I found a refreshing, encouraging attitude—"Sure, we got problems. Who hasn't these days? But if producer, packer and retailer work together as the 'meat team,' we'll work things out . . ." It's just good business to have a decent regard for the contributions made by other members of your team. I hope you have followed the "Meat Team" advertisements of the American Meat Institute and will talk to your neighbors about them.

FACT CONFIRMED—Out in the West, whenever I passed a town with a local meat-packing plant, I thought, "This town, out here where there is lots of livestock, is well served by that local plant. But what about the distant cities filled with meat eaters and no nearby livestock production to speak of?" I know for a fact that meat has to travel an average of more than 1,000 miles to reach those consumers. The only way they can get meat is through the low-cost processing and marketing services provided by nationwide meat packers, like Swift & Company.

F. M. Simpson.

Agricultural Research Dept.

MONEY and MEAT—In the fall months we run into an unusual situation in the livestock-meat packing industry. At that time we often see the year's high market for top finished beef cattle. And this top price usually is being paid when the average price for all cattle is moving in the opposite direction.

The high price is explained by the fact that during the fall we usually have the shortest supply of the year of well finished, long fed cattle. Brisk demand for this short supply naturally will force the price up.

The lower average price results from the annual move to market of huge numbers of grass-fed cattle.

About 20 per cent of all the cattle and lambs slaughtered during a whole year must be handled in September and October. Meat from these animals being slaughtered any given day generally is on the dinner table in less than 14 days.

Folks aren't likely to have any more money to spend on food during the fall months than in February, when fewer meat animals are being marketed.

Since beef and lamb is largely a fresh meat business, there's a lot of meat to eat during the fall months. Consequently, since consumers have no more money to spend, meat prices have to be lowered. And that's just what happens, as it usually does with an increased amount of meat to be sold and no increase in the amount of money with which to buy it. These lower meat prices are most noticeable, of course, in the large consuming centers where surplus supplies always can be moved at a price.

Naturally, then, livestock prices follow meat prices. Producers should keep in mind *that the prices they receive for their livestock are governed by what the packer can get for the meat and the by-products.* This is perfectly demonstrated, as we have pointed out above, when the price for one kind of cattle, in short supply, is moving up *at the same time* that prices of other cattle, in heavy supply, are moving down.

Soda Bill Sez . . .

If your grass is receding, it's time to re-seed. Don't "itch" for what you want—scratch for it.

OUR CITY COUSIN

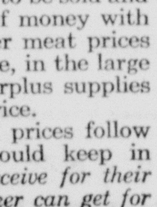
Says our City Cousin, "Say! I thought you said he's stuffed with hay!"

Martha Logan Recipe for

FRENCH MEATWICH

Make sandwich of 2 slices of bread, using 1 slice of cold meat and 1 slice of cheese as the filling. Dip each sandwich into a mixture made of 1 slightly beaten egg and ¼ cup milk. Pan fry in a small amount of butter, margarine or clear drippings over low heat. Turn to brown. Serve at once with cole slaw or fruit salad.

FREE! The Story of Poultry



Children and grownups, too—here's another booklet in Swift's popular Elementary Science Series. Like the others in the series (on Soils, Plants, Meat Animals and Grass), "The Story of Poultry" (Booklet E) gives the answers to many interesting questions. *Do you know—*

Where the first chickens came from?
Which breed of poultry is native to America?
How the shell gets around an egg?

You'll find the answers to these and dozens of other questions in "The Story of Poultry." Lots of pictures—easy-to-read words. Write for your copy today and show this notice to your school teacher. Yes, there are free copies for every kid in your class, if requested by your teacher. If you'd like the other booklets in the series mentioned above, ask for them, too. They are all FREE! Freshmen Home Makers Initiated At Milano School

If you saw some freaks resembling human beings around the Milano School September 9, and was upset about them, you can relax now because all is normal again; it was only the Freshman Future Homemakers after the upper class Future Homemakers finished with them.

The members initiated were: Juanita Beavers, Caroline Belt, Norma Jane Burgess, Joyce Coldiron, Dorothy Cotton, Ruth Denman, Barbara Eland, Norma Jane Key, Fay Lewis, Edna Jane Morgan and Joyce Woodum.

Following the regular meeting and before the initiation, games were played, Dolores Blackmon was in charge of the games.

New officers elected for 1949-50 are: Geneva Hurt, president; Dolores Blackmon, vice president; June Pruett, Secretary-Treasurer; Anna Jean Baskett, reporter; Bobbie Ann Haddox, Historian; Betty Morgan, parliamentarian; Lillie Jo Hux, song leader.

Members present were: June Pruett, Nellie Jean Kirk, Earlene Pratt, Barbara Hartley, Anna Jean Baskett, Dolores Blackmon, Bobbie Ann Haddox, Geneva Hurt, Jo Ann Beavers, Maribeth Fisher, Faye Gilliland, Kaye Gilliland, Lillie Jo Hux, Betty Morgan, Iona Owens, Johnnie Perdue, Bennie Pinkerton, Dorothy Posival, Louise Wall and Zeta Woods.

Mrs. Jessie Bankston, honorary member and Mrs. W. T. Whatley sponsor were present. — Anna Jean Baskett, Reporter.

LIVESTOCK NEWS

At the Calvert Livestock Auction Tuesday the 6th, the market was steady to strong with the demand good. There were quite a few fat calves ranging from $19.00 to past $23.00. Grass fat steers sold from $15.00 to $17.00. Medium grade cows and calves sold from $130.00 to $160.00. All classes seemed in good demand.

Mr. and Mrs. Willie Mees and children visited Mr. and Mrs. Frank Mees in Rosebud Sunday.

CAMERON TEXAS

FUNERAL MONDAY AT MARAK FOR PIONEER

Henry Vrazel, 83, prominent pioneer resident of the Marak community, died at 9 a. m. Saturday, September 10 at his home near Yarrellton.

Mr. Vrazel was one of the few remaining pioneers who emigrated to the United States to plant the Czech race in the new world. He came here when a young man and had been a part of the moving scene through the years in which Imperial Texas and the nation made their most significant strides. Like nearly all the hardy pioneers who came he appreciated the opportunities he found here and settled in the black land belt of central Texas.

Mr. Vrazel spent his active life in Texas and farmed for many years in the Marak community. He was born on March 24, 1866 in Czechoslovakia.

Funeral services were held at 9 a. m. Monday, September 12 at SS. Cyril and Methodius Catholic Church at Marak by Father Ben Holub, with interment in the cemetery at the church. The Marek-Burns Funeral Home in Cameron directed arrangements.

Surviving are three sons and one daughter as follows: John Vrazel and Joe Vrazel and Lawrence Vrazel of Route 1 Cameron; Mrs. Mary Ermis of Agua Dulce, Texas. Seventeen grand children also survive.

SANDY—

(Continued from page one)

times I have seen drivers gladly check their speed to avoid hitting an animal crossing the road before them. Plenty of times just ordinary drivers avoid killing dogs, cats, pigs and chickens, and feel thankful for the lucky escape of the animal or fowl. The public should be thankful for the humaneness of such drivers for Life means something to them.

Sandy loved life. He was so full of it that he couldn't stay on our front lawn all day any more than the driver could stay satisfied in his home the rest of his life. He was so full of life that he took it in leaps and bounds across our front lawn chasing grasshoppers, having his fun, amusing himself. In many ways he was useful to us and he assumed duties of keeping strays off our premises. Friend and foe were alike to him. He knew no enemies and responded to kindness shown him by strangers as well as friends, and though he was mischevious at times in minding the other fellows business, unless terms of endearment were spoken, he would depart for home when scolded. Since the death of Sandy we have missed his tread across our front porch at nights and at last the sight of him lying down across a window in sight of us where he could feel our nearness and we could feel the safety of his presence. We always left him on the yard as guard when we left home for awhile and never failed to find him there when we returned.

I want the driver of that car that got him to know that we don't think much of him for not even stopping to apologize to Sandy's owners, for it happened right before their eyes, so unnecessarily. I think such drivers should be deprived of the pleasure of driving until they learn to respect life itself, Such a driver isn't safe even with himself, let alone anyone else, and he surely knows not the love of a faithful friend, the dog.

God give us careful drivers who are not afraid nor ashamed to check their speed and if necessary to turn aside to avoid the death of even an animal.

EMMA BARRON,
Highway 77.

COLD FRONT MISSES—

(Continued from page one)

Abilene 60, Midland 55, Wink 60, Guadalupe Pass 52, El Paso 69, Childress 60 and Sweetwater 58.

Rain cancelled the Texas league playoff in Fort Worth.

The weatherman said the cool front would move into all sections by Wednesday execpt the low Rio Grande valley and the lower Gulf Coast.

Temperatures in the Panhandle were expected to range from 40 to 45 degrees early Wednesday. North Texas could look for about 50 degrees and Central Texas around 60 degrees.

Light rains fell Tuesday at Lubbock, Wink, and Mineral Wells. Showers are expected in most sections Wednesday.
